

# U. S. LIVING COST ZOOMS TO RECORD HIGH

## Discussing Their School Days Ahead

"It will only be two weeks until you will be going into those doors," Fritz Prosch, a senior at Washington C. H. High School, tells a group of freshmen-to-be who stopped on the front of the steps at the high school building Tuesday evening to discuss starting to high school on Sept. 9. Fritz, who had attended three years of high school at WHS, told the freshmen, who are (left to right) Judy Preston, Mary Jo Reiff, Mark Arnold and Janice Gillen, that they are about to embark on one of the most important phases of their life, in getting a high school education. (Record-Herald photo)

## Retirement May Not Be All Fishing And Fun, Experts On Oldsters Say

SAN FRANCISCO — Those future retirement days may not just be fishing and fun. In fact, you may even have to be taught how to relax and enjoy all that leisure time.

The experts say the wealthier you are the less receptive you'll be to taking things easy. They've got figures to prove that all those plans of traveling, visiting with the grandchildren and just plain enjoying life don't pan out.

They came up with some start-

ling facts at the convention of the Gerontological Society, attended by medical and social scientists studying diseases and problems of the ever-increasing numbers of older Americans.

The society opened a three-day convention yesterday.

About 75 per cent of business executives don't want to retire, said Harold R. Hall, a Wellesley Hill, Mass., business consultant.

Hall, a former Harvard professor, learned in interviews with some 500 top-drawer executives that it isn't money but work that keeps the successful man happy.

He explained the tycoons didn't want to leave their associates, give up the prestige and power of their positions, and—most of all—be benched from the "team" with which they worked for years.

He and other speakers suggested that companies prepare their personnel for retirement by setting up conditioning programs

showing how to spend leisure time.

Retirement to many wealthy people, Hall said, is distasteful and they procrastinate in planning for it. They think: "The company won't do this to me." It does.

In another report, Doctors J.H. Bunzel and Louis Gare of the New York Mayor's Advisory Committee for the Aged, declared that many people can't enjoy their retirement income because they compare it to previous earnings.

Both Bunzel and Louis Kupland stressed that unhappy old people are powerful enough in numbers to upset a stable society.

"And the radical forces in society stem from instability," Bunzel said.

Kupland, California's Old Age

## C of C Committee Talks Aid For Parking Plan

Ideas Considered To Be Presented To Directors

Development of an "off-street parking plan," was the purpose of a meeting of the Civic Affairs Committee of the Washington C. H. Chamber of Commerce, headed by Dr. Charles Griffiths, held in the C of C conference room, Tuesday evening.

The ideas worked out, which will be presented to the C of C board of directors for discussion and approval, have been under consideration for some time. It is said the plan now being talked would create 65 to 75 additional car spaces within a block and a half of the business district of the city.

If it can be put into operation it will greatly relieve the street parking situation in the business section of Washington C. H.

During the committee session Tuesday evening various other objectives, in study and evaluation of community needs and service, were given attention. It is one of this committee's duties to endeavor to set up plans whereby probable solutions can be reached to acquire needed facilities for the city.

THIS WAS the first regularly scheduled meeting of this newly formed Chamber of Commerce committee.

Some of the problems which the committee wishes to discuss in the future are the development of an adequate water supply, possible solution to the through-traffic problem, also any other civic problems which may come to this group's attention.

The committee made it clear that it desired to be of assistance to the city in solving the off-street problem and is in no way seeking to create competition for parking meter revenue.

Members of the Civic Affairs Committee in attendance at the initial meeting Tuesday evening were Dr. Charles Griffiths, chairman; Harris Willis, Elmer A. McBrist, Charles Reinke, Charles McCoy, George Pensly, Clarence Cooper and Ed Kreider, executive secretary of the Chamber of Commerce.

## Paducah A-Plant Stalled By Strike

PADUCAH, Ky. — The full construction force of 15,000 to 16,000 workers at the nearby atomic energy plant was off the job today, observing a picket line set up by AFL carpenters.

An Atomic Energy Commission spokesman confirmed the billion dollar project was "shut down."

The 1,200 to 1,500 carpenters reportedly walked out over a dispute with one or more subcontractors who haven't recognized a new contract granted the union recently by F. H. McGraw & Co., prime contractor.

## Longshoremen Strike On Docks

NEW YORK — Passengers boarding the Queen Mary today were forced to carry their own luggage because of a longshoremen's work stoppage on one pier—and then they found that elevators weren't working either.

That meant they had to carry the bags up two flights from the street level of the pier to the gang plank level.

The Queen Mary sailed two minutes ahead of schedule despite the work stoppage.

## Stenographer Admits Slaying Ex-Beau's Kin

NEW YORK — A sobbing Massachusetts stenographer early today admitted the slaying of her former boy friend's teen-aged sister.

Detective Lt. David Murphy, a Massachusetts state trooper assigned to the Middlesex County District attorney's office, said pretty Mildred McDonald, 25, had signed a written statement admitting she shot Mary Di Rocco, 14, in the Di Rocco home in Somerville, Mass., Monday.

Miss McDonald, also of Somerville, was arrested here last night by a traffic officer near Times Square after he recognized her from pictures in a newspaper.

Police in Somerville started a search for her soon after the body of the teen-ager was found Monday. The slain girl had suffered five bullet wounds while a sixth shot went wild; her throat was slashed, and her clothing was covered with oil. Police said the slayer apparently had tried to set the body afire.

Miss McDonald—dated for three years by one of the slain girl's brothers, Joseph, who married another girl last April—was questioned first by New York City police and then the Massachusetts officers.

Murphy said the slaying was the apparent result of fear, nervousness and anger. He said Miss McDonald went to the Di Rocco home hoping to talk to Joseph's mother about him.

However, Murphy said, Mary was the only one home. The officer said Miss McDonald talked with Mary, who commented on the happy marriage of her brother. This comment angered Miss McDonald, Murphy said.

## Southwestern Ohio Warned On Cholera

COLUMBUS, Ohio — The state department of agriculture today alerted farmers against spread of hog cholera in several areas of Southwestern Ohio.

"We are warning against the possibilities of the disease becoming more widespread," said Dr. James R. Hayes, chief of the division of animal industry. He added: "Already hog cholera has appeared in Clinton, Warren, Green and Fayette counties but the disease has not reached epidemic proportions."

He urged farmers to use "extreme caution" in their sanitation programs, in bringing new swine to the farm and in instituting vaccination programs to prevent serious losses.

He said:

"Many previous outbreaks have occurred in the fall; therefore the swine industry of Ohio should maintain a constant vigilance to prevent hog cholera during this season of the year."

"There is no cure when the disease is well established and the only protection lies in vaccination before an outbreak occurs."

## State Aide Dies

COLUMBUS — Harry Q. Loizer, 31, Martins Ferry teacher and assistant to the state fire marshal, died here yesterday.

## Russia Forcing U. N. Ballot On Its Truce Talk Resolution

UNITED NATIONS, N. Y. — Russia today came up with a parliamentary maneuver to force the U. N. to vote first on the Soviet proposal for inviting six fighting countries and nine "neutrals" to the Korean peace conference.

The Soviet move came as the General Assembly's 60-nation Political Committee began discussing in detail a half-dozen resolutions dealing with the Korean problem.

Voting was expected to begin tomorrow.

Soviet Delegate Andrei Y. Vishinsky had put in a revised proposal only yesterday listing the 15 countries Russia wants to seat at the conference. But under normal voting procedure, this would be voted on last since it was the last resolution submitted.

Vishinsky, however, submitted his list again this morning in the form of an amendment to a resolution sponsored by the United States and 14 other countries that fought for the U. N. in Korea.

THE LATTER proposal, recom-

## Counterfeit Bill Equipment Grabbed

CLEVELAND — Federal agents and police raided a garage today and seized equipment used in making counterfeit bills.

It was believed the raid was connected with recent circulation here of counterfeit \$10 bills which authorities say are crudely printed and look almost like play money.

Several suspects were taken to police station but their names were not immediately released.

## Meanderings

By Wash Fayette

If Jack of the bean stalk fame could live today he probably would be hovering around Jeffersonville to inspect a remarkable soybean stalk which Bill Torbett of northern Jefferson Township, left on display at the Jeffersonville Auto Company's office.

This soybean stalk, which is not exceptionally large, is of the Lincoln variety and contains 398 pods. One pod fell off while it was being moved into Jeffersonville.

This means the stalk had 399 pods and as each pod will average three beans, the one plant would yield a total of 1,197 beans, which is some production from a single bean.

Bill is expecting a good yield from the field where he obtained the plant, as there are large numbers of stalks which contain as many or more pods to the stalk than the one exhibited.

## '17th Star' Pageant Slated For Premiere Tomorrow Night

COLUMBUS — "The 17th Star," an outdoor pageant of Ohio history which opens tomorrow night on the Ohio State Fairgrounds, promises to be a spectacular affair.

It has a cast of 500, not counting horses and a 35-piece orchestra.

It will use \$100,000 worth of costumes, stages set in a simulated Indian mound, a co-located battery of loudspeakers and lights, narration by actor Gene Lockhart, singing by Richard Harding Humphrey, script by Pulitzer Prize winner Paul Green, music by Isaac Van Grove, and production by Adrian Awan, who has put on 70 large shows.

The pageant, which the producers call a "symphonic drama," will run for 12 nights at 8:30 o'clock. It will overlap the state fair, which opens Friday and runs eight days. The pageant is set up in front of the grandstand.

MEANWHILE, it was announced that a nude sculpture in Georgia marble, termed "Anxious," had won the Governor's Award of \$500

## Ives Says Dem Help Needed

WASHINGTON — Sen. Ives (R-NY) urged today that Republicans seek a "common denominator" with the Democrats in an effort to avoid a fight in Congress over Taft-Hartley Act changes.

Ives said he believes President Eisenhower's 1952 campaign promises for changes in the act can be achieved only through Democratic help. He said:

"If the Senate Labor Committee doesn't limit any bill it brings out to proposals on which the Republicans and Democrats can agree, it will be an unwise move."

"I do not believe in having either a Republican or a Democratic bill. Any such measure would only come back to plague those who sponsored it. We must find a common denominator."

Ives, who worked closely with the late Sen. Taft (R-Ohio) on proposed revision of the act, said he and Taft had reached agreement before the latter's death on proposals which would legalize the closed shop in certain industries—construction, printing, shipping, amusement and some others.

He said he thinks the Senate committee could agree on amendments to permit some forms of secondary boycotts, to allow striking workers to vote on union representation and to define state and federal government jurisdiction in the labor field.

for the most outstanding work in the fine arts exhibited at the state fair.

The Governor's Award went to Everett Haycock, Ohio Wesleyan University professor of fine arts.

Robert Trotter of the College of Steubenville received a top prize of \$400 for his oil painting, "Bouquet," and another \$400 top prize went to Chester R. Nicodemus of Columbus for his ceramic sculpture "American Bison."

Top prizes of \$300 went to Prof. Robert M. Gattrell of the Fine Arts Department, Ohio State University, for his abstract watercolor "Still Life," and to Jane Parshall of Akron for her pottery "Branch Bottle."

Other blue ribbons were awarded Warren Casey, Columbus, for his sculpture, "Orpheus;" Philip V. Webb, Bowling Green State College, for his drawing, "Crucifixion;" Charles Lakofsky of Bowling Green State College, for his pottery, a set of four ramekins, and Ruth M. Erickson of Shaker Heights, for her jewelry, a necklace of silver and blue enamel.

## Index Climbs To 12.7 Pct. Over Pre-War

Figure Clocked Rising Now For Last Five Months In A Row

WASHINGTON — The government reported today living costs edged to another new record high in mid-July.

It was the second straight month that the living cost in America has set a new record high. The index has risen now for five months in a row.

Higher prices for food, rent, transportation and medical care were the main items responsible for the new hike in consumer costs.

The Bureau of Labor Statistics said its Consumers Price Index reached 114.7 per cent of the 1947-49 average. This is two-tenths of one per cent higher than in mid-June, which was also a living cost peak.

The mid-July level was one-half of one per cent above a year ago and 12.7 per cent above the level at the start of the Korean War.

THE INCREASE was enough to give many U. S. workers, including a million U. S. auto industry employees, a one cent hourly pay boost.

An index rise to 114.8 would have been enough to provide a 2 cent hourly pay boost for the auto workers and hundreds of others whose rates are geared to the government figures.

Pay rates of auto workers vary with the index under contracts between major car producers and the CIO Auto Workers Union.

Similar contracts govern about 40,000 electrical workers in the auto industry represented by the CIO International Union of Electrical Workers.

Average hourly pay for hourly rated workers in the auto industry as of May 1 was \$2.10 including overtime, according to the Automotive Manufacturers Assn.

Between mid-June and mid-July food prices rose one-tenth of one per cent with sharp declines in fresh vegetable prices nearly offsetting increases for other foods, particularly eggs, pork, poultry and fresh milk.

Rents rose 4 per cent during the month, medical care .3 per cent and transportation .2 per cent. Apparel prices declined .2 per cent and the reading and recreation index .4 per cent.

## Juvenile Court To Hear Cases Of Logan Lads

LOGAN — Two teen-agers accused of killing 60-year-old Ivor Dawley of New Straitsville will not face a common pleas court trial.

Juvenile Judge Rhea Bangert of Hocking County said George Giffin, 13, and his brother Joe, 15, will be tried in juvenile court on delinquency charges. Maximum penalty in juvenile court is a reformatory sentence. Conviction in common pleas court on a first-degree murder charge would mean a possible death penalty.

The boys were returned yesterday from Columbus, where they had been under observation for the past month at the Juvenile Research Center.

The center report said George, "because of his low mental capabilities," was incapable of initiating a plan such as the two are charged with carrying out. The Hocking County prosecutor had charged the two boys took turns in pumping .22 caliber rifle bullets into Dawley's body and then stole his automobile and \$20.

Judge Bangert said both boys were possessed of "a hatred for their stepfather," and were determined to run away.

## Tag Suspensions Average 20 Day

COLUMBUS, Ohio — R. E. Foley, state registrar of motor vehicles, said today a record of 50 license plate suspensions in one day was established under Ohio's new safety responsibility law.

The law went into effect March 3. It provides that Ohio motorists who do not pay for damage caused by their automobiles or "show proof of future responsibility" may have their license plates suspended. Since the law went into effect, suspensions have been averaging 20 per day.

## Dulles Believes U. N. Charter No Longer Fits Atomic Age

BOSTON — Secretary of State Dulles said today the "pre-atomic age charter" of the United Nations contains "serious inadequacies" and needs to undergo important alterations.

In a speech prepared for the American Bar Assn., Dulles said he believes the administration can achieve "better work" in the face of the fact that man now has the power "to destroy himself." But he said the U. N. would have to be changed to make this possible.

He recalled that the charter was drafted and signed at San Francisco in early 1945 "when none of us knew of the atomic bomb which was to fall on Hiroshima on Aug. 6, 1945," and added:

"The charter is thus a pre-atomic age charter. In this sense it was obsolete before it actually came into force."

Dulles went on to say "as one who was at San Francisco, I can say with confidence that if the delegates there had known that the mysterious and immeasurable power of the atom would be available as means of mass destruction, the provisions of the charter dealing with disarmament and the regulation of armaments would have been far more emphatic and realistic."

DULLES SAID the second inadequacy arose from the placing of reliance in a peacetime continuation of the wartime partnership of the "United States, Britain and Russia with the result that power for action was concentrated in the Security Council with its veto. The assembly voting procedure gives that body only an advisory role, he said.

The third inadequacy, Dulles said, is the fact that the General Assembly "has made but little progress" in establishing fundamental law among nations embodying "eternal principles of justice and morality."

Dulles told his audience of lawyers that under the charter itself the General Assembly in 1953 must consider calling a charter review meeting. He said the United States "will then vote in favor" of such a conference.

## Madison Twp. CROP Unit Set

Other Committees In  
County Ready Soon

Howard Hopkins, Madison Township chairman of the Christian Rural Overseas Program, is the first chairman to complete organization of his township committee.

It is expected that other township chairmen will announce their committees in the near future.

The committees named by Hopkins include: Leland Dorn, Lester Hains, O. C. Knisley, Fred LeBeau, Arthur Schlichter, Joe Pope and John Melvin.

Fayette County's quota, which will be rounded up in a countywide campaign on Monday before Thanksgiving, is a carload of 2,000 bushels of shelled corn.

Clyde Rodgers, state chairman of the Town and Country Department of the Ohio Council of Churches, which is sponsoring CROP, is now in Europe on business, and while there will obtain first-hand information regarding CROP needs in the various countries where he visits.

Some counties in Ohio centered on the baby chick and dried milk program to furnish assistance abroad. Rev. Clinton W. Swengel is the county chairman of CROP; Ralph Nisley is chairman of commodities; Mrs. Doris Wipert is secretary and publicity director, and Arch O. Riber is treasurer.

## Boy Is Injured By An Automobile

Running from between two parked cars in an effort to cross Market Street, Jimmie Gierhart, 6, son of Mr. and Mrs. Ralph Gierhart of 313 East Elm Street, was painfully injured when struck by a car driven by Mrs. Fern W. Allen of Milledgeville, Tuesday at 4:30 P. M.

He was treated by Dr. James E. Rose, near whose office the accident occurred.

When she saw the child dash out, Mrs. Allen applied the brakes and swerved sharply, minimizing injuries to the youngster.

Police checked the accident and exonerated Mrs. Allen from blame.

**LEVY ON BALLOT**  
HILLSBORO — A .65 mill levy for hospital maintenance goes on the ballot in Highland County in November, the levy to run five years.

**PRISONERS ESCAPE**  
CHILLICOTHE — Search is being made for two prisoners who escaped from the Federal Reformatory here. They are Leon Kahn, 22, and Glen Rose, 19.

## Mainly About People

Mrs. Arlie Ashbaugh, Bloomingburg, entered Memorial Hospital, Tuesday afternoon, for observation and treatment.

Mrs. Clifford Stewart, Route 1, Greenfield, entered Memorial Hospital Tuesday afternoon, for medical treatment.

John Gifford, Route 2, New Holland, was admitted to Memorial Hospital, Tuesday evening, for medical treatment.

John Paul was returned from Miami Valley Hospital, Dayton, to his home, 1105 Dayton Avenue, Tuesday, in the Gerstner ambulance.

Mrs. Floyd Denney and infant son were returned from Memorial Hospital to their home, 1103 Sycamore Street, Tuesday afternoon.

Mrs. Howard Downs and infant son were returned from Memorial Hospital to their home, Route 1, Mt. Sterling, Tuesday afternoon.

Mrs. Kenneth Thomas and infant son were returned from Memorial Hospital to their home, 812½ East Temple Street, Tuesday afternoon.

After being a medical patient in Memorial Hospital, Mrs. Campbell Stanley was returned to her home in Jeffersonville, Tuesday afternoon.

Mrs. Ora Leisure and infant daughter were discharged from Memorial Hospital to their home, 223 Bell Avenue, Tuesday afternoon.

After being a patient in Memorial Hospital for observation and treatment, Mrs. Harry Thornhill was released to her home in Rock Mills, Tuesday afternoon.

Ray Dice was released from Memorial Hospital, Tuesday afternoon, and taken to his home on the Plymouth Road. He was returned to the hospital about 5 P. M. for observation and treatment.

Mrs. Mamie Emerick was returned from Miami Valley Hospital, Dayton, to the Winters Nursing Home, Wednesday morning, in the Hook and Son ambulance. She is recovering following hip surgery.

## Blessed Events

Mr. and Mrs. Milton Lee Davis of Mt. Sterling, are the parents of a son, weighing six pounds nine ounces, born at 11:15 A. M. Wednesday, in Memorial Hospital.

## Polk To Keep Office Open In Washington D. C.

Congressman From  
This District Will  
Be Home, However

Congressman James G. Polk, representing the sixth Ohio district of nine counties, including Fayette County, plans to return to his home in Highland, near Leesburg in Highland County, within the next few days. He probably will remain in his home district most of the time during adjournment of Congress.

In a statement issued from his office in Washington, D. C., just prior to leaving for his Ohio home, Polk said:

"I consider it a privilege to have had the opportunity to serve the fine people of the Sixth Congressional District in the House of Representatives during the first session of the 83rd Congress. Although Congress has now adjourned, I am keeping my Washington office open, Mondays through Fridays, throughout the rest of this year. My secretaries will be able to give you more prompt service from the office as I do not have a secretarial staff at my home, R.F.D. 1, Highland, Ohio, so please address all letters to me at Room 315, Old House Office Building, Washington, D. C."

The Congressman will be in the district most of the time during the next four months and states that he will be glad to discuss personally with his constituents any of their problems about which he may be helpful.

**Veteran Convict  
Likes Quiet Life**

THOMASTON, Maine (AP) — Edward Graffam, 77, for 52 years a Maine State Prison inmate, looked forward today to "a quiet, peaceful life."

Graffam, the prison's oldest inmate, was freed yesterday under a new state law permitting parole for lifers who have served at least 30 years.

Convicted of murder during a robbery—a crime he still denies committing—Graffam will work as a cook for two prison guards who maintain bachelor quarters.

"I've hoped and prayed for this day a great many years," he said.

**Barefoot Driving  
Law Is Questioned**

RALEIGH, N. C. (AP)—From Hyattsville, Md., Mrs. Mildred L. Hutchison wrote the North Carolina Motor Vehicles Department:

"I was in North Carolina over the weekend and was observed driving in my bare feet. I was told that there was a law forbidding such a practice. I would like a yes or no answer."

The department told her the highway patrolmen wouldn't do anything about it, except maybe grin a little.

## Two New Bridges Being Planned In This County

Both Structures To  
Be Built Over Sugar  
Creek Is Word

Two new bridges are to be built on federal and state routes in Fayette County.

The county commissioners have signed a contract with the State Highway Department for the construction of a new concrete bridge over Sugar Creek, at Jeffersonville.

The state will pay the lion's share of the cost, it is indicated, the county will pay \$7,500, and the village of Jeffersonville is to pay \$2,000 toward the new structure.

The bridge is on Route 734, or middle Jamestown Road, near the Jeffersonville School buildings, and about 125 yards from the main intersection in Jeffersonville.

The present structure is not only old but narrow, and the need of a modern bridge across the stream at that point has long been urged for some time.

Just what the state will pay toward constructing the new bridge is not known, but the estimated cost will appear in the call for bids.

It is understood that the next move toward building the structure is up to the state, following agreement entered into between the state and county and state and village in sharing the cost.

It is possible the structure may be built this year, as plans and specifications are on file, and a call for bids is expected soon. Some 600 feet of roadway also is included in the plans.

The bridge is not the only one planned in the county, for the state has made a survey with a view to relocating the road and bridge at Sugar Creek on the Leesburg Road, and erecting a bridge there which will not have dangerous curves at both ends, such as exist at present.

It is expected that a new bridge, much wider than the present steel structure, will be erected.

When the new bridge will be built is problematical, however.

### Strictly for the Birds Is This Court House

FAYETTE, Mo. (AP)—The sparrows and starlings were getting so thick around the Court House that people stayed away in droves.

Firemen tried to hose them from the trees.

The birds loved the water and flocked to the area in even greater number.

Anyway, the sidewalks were cleaner for a while.

## Poet's Corner

**The Harm They Do**  
A little white lie may grow  
and grow;  
The harm it may do we do not  
know;  
Lies grow in size as they are  
retold,  
As snow balls gain weight more  
they are rolled;  
One lie is bad but it keeps  
going,  
It needs little soil for its  
growing;  
Gains more attention that will  
the truth  
But as dangerous as a mad dog's  
tooth;  
Lies do much harm and rarely  
do good;  
Often white ones are misun-  
derstood.

May M. Duffee,  
Washington C. H., Ohio

### No Free School Lunch

ROANOKE, Va. (AP)—A television set in the home is the measure of a family's ability to pay for a child's school lunch here in Roanoke.

The school board has put Roanoke families on notice that the parents who find money for a TV set will be expected to find money for junior's lunch.

## Highland Creek In U. S. Program

Clear Creek To Be  
Subject Of Study

Clear Creek, on the main streams flowing into Rocky Fork Lake, has been designated by congressional action as one of 52 special soil and water conservation projects in the United States.

Approval has been given to the project by residents of the watershed, and the project is listed as a pilot or experimental development.

Work is to be carried out on the farms along the creek, which runs northwest from the lake for several miles. The area embraces 40 square miles and 200 farms.

Previous reports had listed the area involved as all of the watershed north of the lake but revised plans designate just the Clear Creek area.

The Highland County Soil District will administer the program. First step will be survey of the watershed. An over-all plan, with detailed figures and costs, will be prepared. Each farmer involved will have a chance to see and ap-

prove it. Local landowners must approve the final plans before the work can actually start. Even then, soil officials here said, there will be nothing mandatory about the program.

Highland County has been allocated a tentative amount of \$120,000 for five years, including \$30,000 the first year. In addition to regular soil practices, the flood control phase would include small dams on upland farms, streambank stabilization, levees, special tree plantings and related measures.

On these measures the federal government would provide 50 percent of the cost to the farmer. If benefits from a dam accrue downstream, the government would pay more than 50 percent.

Farmers are to provide easements. This will be figured as part of his cost. Results of the experiment will be carefully plotted. Basic idea behind the program is that many conservation leaders believe that flood control should be

started where the rain falls, rather than attempt to control flood waters with a huge dam along large streams or rivers.

## 5 More Ohioans Freed By Reds

MUNSAN (AP)—The official list of American prisoners of war returned in the 21st day of the Korean armistice POW exchange included these five Ohioans:

Pfc. Paul G. Bender, mother, Nettie Bender, Cleveland.  
2nd Lt. Charles E. Davis, mother, Fredonia Davis, Cincinnati.  
Cpl. Edward F. Beck, mother, Lucille Beck, Cincinnati.  
Sgt. Charles Riddell Jr., mother, Mrs. Charles Riddell, Germantown.  
Sgt. George M. Bingham, foster mother, Lena Crumrine, Lima.

Most native American varieties of cockroach live in fields or woodlands and do little damage.

## Judge Pushing Estate Claims

COLUMBUS (AP)—A judge yesterday ended verbal arguments by attorneys for 28 claimants to the \$1 million estate of Dennis R. Kelly, and gave them until Sept. 28 to submit written arguments.

Judge Leland R. Rutherford refused further delay to get a record of young Kelly's blood type from the Defense Department. The attorneys wanted to compare his blood type with that of Mrs. Rose McGhie of Springfield, Ill., who claims the young Columbus millionaire was her illegitimate son.

## 'Siggy The Dip' Gets Attention

PHILADELPHIA (AP)—Skinny George, Joe the Boob, Siggy the Dip and Pretzels are due for spe-

cial attention from the Philadelphia police department.

For the first time in its history, the department is compiling a nickname file of criminals and criminal suspects. About 300 nicknames already are known. The file, when completed, is expected to exceed 1,500 names.

## Springfield Bans Use Of Water

SPRINGFIELD (AP)—This city today issued an emergency proclamation banning use of water for sprinkling and water-cooled air conditioning units.

The proclamation came as employees of the city's water division were making every effort to conserve all available water in Buck and Beaver Creeks. Insufficient

rain in the past few months is responsible for the situation. The last rain fell about two weeks ago and it was not enough to help, officials said.

# Ready To Tread The "School Trail" Again

Happy days of vacation time are soon to end for the many hundreds of Washington C. H. and Fayette County boys and girls who soon must start along the "back to school" trail during the second week in September.

Back to the more serious business of studies will go these many youngsters, but they know they will have plenty of fun dozens of ways during school days also and this will relieve the sting of saying "goodbye" to the more or less care-free days of summer.

Nevertheless, most of them will have fond memories of the daily splash in the Washington Park swimming pool, or the happy motoring trips, the group picnics and the various vacation trips many of them enjoyed with their families or their friends.

The city schools open on September 9 and the county schools start their work on September 8, both systems opening as usual after the Labor Day holiday coming this year on September 7. Classroom work, however, seldom gets into full swing for a day or two after the schools open. Teachers' meetings, assignment of work and lessons and other preliminaries usually require time during the opening day or two.

One thing to which school officials and city and county authorities are specially directing attention this year, is a warning to motor car drivers to be unusually careful in protecting school children on the streets of this city, or in the county's villages and also on the roads leading to schools everywhere.

A great many children will be starting their first year in school. They will not be used to the routine and many of them will be walking along, their minds preoccupied with the new experiences they are about to face. They'll forget the warnings of parents to avoid crossing streets in front of oncoming cars. Some will be riding bikes. They need special watching.

It is then that motorists should take in-

to consideration what is happening and use the greatest precautions in looking out for the youngsters. A school child tragedy can be as bad as anything that can happen, anywhere.

Year in and year out most school pupils feel a tinge of regret with the passing of vacation, but after a week of school most of them are again readily lending their efforts to school routine, some with enthusiasm, some merely accepting the procedure as a matter of course.

Naturally there are many school problems facing both city and county schools here this year, but most of these things have a way of working themselves out, maybe not speedily, but in a matter of time.

We hope that any difficulties that beset school authorities this year can be solved with a minimum of agitation or controversy. We all have a job to do in the good old American way of facing issues and being frank and honest in dealing with them.

As citizens and parents, let us hope that we can follow this idea with best results for the future.

## Not Very Promising

The conference to work out permanent peace arrangements under the terms of the Korean Truce has not started off well. There is every evidence the conference is being used for propaganda purposes, and that no final settlement of the Korean situation will be reached within the foreseeable future.

This may not mean a resumption of the fighting in Korea, but rather a continuance of the "cold war" in that section of the world. In the meantime American authorities are proceeding with plans to rebuild South Korea. Two hundred million dollars of American money has already been authorized for this project, which it is estimated, will run better than a billion dollars.

## Brother Dior Caused A Sensation

NEW YORK (AP)—A brief little announcement from Paris, a while back, about Christian Dior's dictum on the length of skirts is still the top talk topic among the ladies.

It appears that silhouettes, not sex, and dresses, not dildoes are still uppermost in their minds.

Brother Dior, it seems, is interested in some factors which, at first sight, have very little to do with bodices and necklines. A combination of war, politics and the hard facts of economics put him in a position where, today, he can hand down the word that skirts are going up and they go up.

World War II practically blanketed out Paris as a style capital. If you've ever seen the price tags on the models in a "collection," you have a rough idea what that meant in terms of dollars and French economy.

So they set out to regain the pre-war position. Dior, a very

able guy with the drawing board and a mouthful of pins, was picked to spearhead the operation. French backers gave him enough money so that he didn't have to worry whether his creations were immediately successful.

The important thing was effect, something new and spectacular, and he gave them that.

He took over where Vionnet and Paul Poiret left off and the result was that when he came out with the "tulip silhouette." And now madame isn't happy until she goes around looking like a walking tulip.

Now what about the higher skirts this year?

Clare Potter, one of the hottest American designers, says it will have an effect on fashions over here. "But not as much in America as elsewhere," she said.

"Skirt lengths have almost always been higher in this country. The reason is perfectly simple—American girls have the best-

looking legs in the world."

Mme. Potter is a devotee of what is known as "the American look." She says women all over the world are more or less envious of our ladies and the way they can wear clothes. Hence, in raising skirt lengths, Dior is not only reversing a trend, but falling in with a prevailing trend.

But she agreed with Michelle Murphy, research consultant for design at the Brooklyn Museum, about the effects. Neither of them expect skirts to be elevated very much over here, no matter what Brother Dior says.

"The American woman is pretty solid," Mme. Murphy said. "She doesn't go to extremes. If anything, there is a tendency among women to buy what looks best on them, regardless of what happens in Paris."

They both felt that Dior's announcement was aimed to cause a sensation, and they said he has gotten a lot of mileage out of it.

By George Sokolsky

## The Balanced Budget

While Congress is not in session and the president is vacationing in Denver, the taxpayer might try thinking out problems for himself unaffected by the explosive pressures put upon him by interested parties. The balanced budget affects the value of our money—not what might be called the nation's money but what the missus has in her pocketbook when she goes to the store.

Everybody agrees that the budget should be balanced. President Eisenhower, Secretary of the Treasury, George M. Humphrey, Director of the Budget, Joseph M. Dodge, most of the Senators and Members of the House of Representatives agree that the budget should be balanced. The question is, when—when is it to be done?

H. R. 2 is a bill to forbid the government to expend more money than it takes in. If H. R. 2 were passed, there would be no need to increase the limit for the public debt. It is a measure to balance the budget. The Director of the Budget, Joseph M. Dodge, wrote to Representative Clare E. Hoffman, Chairman of the House Committee on Government Operations, opposing H. R. 2 on the following grounds: "As I indicated in my letter of April 3, I do not believe that the fundamental problem in the control of federal expenditures can be resolved by arbitrarily limiting expenditures to an amount that does not exceed rev-

enues in any given period. For this reason, I would recommend against favorable consideration of the amended version of H. R. 2."

Precisely how a budget is to be balanced without limiting expenditures to income is a little difficult to understand. As a matter of fact, that is all that a balanced budget does in government, in a private business or in a home. Mr. Dodge says that he favors a balanced budget.

Hoffman's committee reports: "Not a single witness appearing before the committee, and not a single communication received by the committee, whether from the executive departments or the public, minimized the necessity for balancing the budget."

The Secretary of the Treasury wrote: "The Treasury Department is in sympathy with the principle of statutory guidelines for bringing expenditures and revenues into balance. The Department would, however, recommend against the relatively inflexible ceiling provided for in these bills."

Apparently everybody favors the idea but is opposed to doing it. The reason may be that the administration cannot foretell what will happen, but then that has been true during most of our lives. We have become so entangled in the affairs of the world that we do not know a few days ahead where we are. For instance, no one could foretell the French strikes or what they would do to this country. Shall we, on account of them, have to take over France's troubles in Indo-China or in Morocco? And what is that to cost?

George M. Humphrey said in a speech: "... History demonstrates that whenever currency deterioration has started it tends to continue at an ever-increasing rate, the faster the further it goes. Unless courageous, determined, corrective action is taken in time it finally speeds en-

tirely out of control and finishes in utter collapse. The first half of the depreciation of our dollar has already occurred. The programs and conditions which this administration inherited would have accelerated that pace. Stopping that spiral is imperative."

But how is that to be done without balancing the budget? The larger the national debt, the less the currency is worth in purchasing power. How is the debt ever to be reduced if the budget is not to be balanced? This is one of many public problems from which it is impossible to take a vacation.

When I go down to the village to the general store these days, the conversation is always about high prices. So I get into the argument and make the point that if you call a dollar 50 cents, then the prices are about right. Maybe it is a false argument, because nobody seems to want to call a dollar 50 cents. Yet, why not? It is a fact. Apparently most Americans do not desire to face facts. And they do not want to face one of the most unpleasant facts which is that if the national debt goes higher and the budget remains unbalanced, money will be worth even less and prices will go still higher.

## Forest Bank Thug Grabs \$8,383

KENTON (AP)—Police today blocked surrounding highways in a search for a dapper gun-wielding bandit who robbed the First National Bank of nearby Forest of \$8,383 yesterday.

They believe the robber is the same man who committed recent daylight bank robberies in the neighboring towns of Dunkirk and Ada, and in three Indiana towns, Hamlet, Bourbon and Evansville. Officers said the robber's appearance and method of operating tallied with descriptions of the robber in the five other holdups.

## Laff-A-Day

"Of course, it's harder for ME, Fran, but I couldn't let him go to WORK with that cold!"

## Diet and Health Report On Peculiar Disease Symptom

By HERMAN N. BUNDESEN

With suitable encouragement, or perhaps even money hanging on the outcome, one can endure much greater wear on the nerves and muscles than ordinary work involves. Therefore, motivation is one great factor governing fatigue, usually far more important than mere muscular weariness.

Often the tiredness felt by an individual is out of all proportion to the labor done. It does not disappear when work is stopped or even after adequate rest.

### Fatigue Persists

This condition may be due to such chronic diseases as tuberculosis, severe anemia, high blood pressure or hyperthyroidism. However, in many people the fatigue persists even though examination reveals no physical impairment.

Fatigue and tiredness are under the control of the part of the brain where activity of the body is motivated. This part actually seems to tire before the muscles do the work.

Tests have been made on persons doing an excessive amount of exercise and it has been found that the muscles are still active even when the average person drops from fatigue. Thus, it would seem that in the treatment of many cases of fatigue, the mental situation of the person is at fault.

Under strong suggestion and encouragement, or perhaps even under hypnosis, the person can do physical work far above what he would normally do. Therefore, it can be seen that the mind is an important factor in determining the amount of mental and physi-

cal labor that a person can carry through.

People who have mental aversion to doing certain types of work, or to working in general due to emotional difficulties, will experience greater fatigue and tiredness than other persons of similar build. Solving the emotional conflict is sometimes necessary in order to effect a cure, and tonics and vitamins can do little to help until the mental conflict is cleared up.

### QUESTION AND ANSWER

J. P.: How can I prevent repeated attacks of kidney stones?

Answer: The most common type of kidney stones are caused, in some cases, by urine that is too alkaline. Sometimes the giving of a drug known as ammonium chloride to acidify the urine will prevent the formation of kidney stones. Recently, it has been shown that the use of a drug known as hyaluronidase given under the directions of a physician at frequent intervals may also prevent the formation of kidney stones.

## Spanish Confab Starts Sunday

CLEVELAND (AP)—The United Spanish War Veterans and their ladies auxiliary will open their 55th national encampment here next week.

Some 4,000 veterans of 1898 are expected at the sessions opening Sunday in Public Hall.

The Associated Press erroneously reported the convention opened yesterday.

## Fayette County Years Ago

### Five Years Ago

Little hope given for relief from heat wave this week.

1,050 pairs of shoes for needy donated to St. Colman's Church, collected by the young people of that church.

School will open on Sept. 7.

### Ten Years Ago

Construction of "little inch" pipeline temporarily halted here on Route 174 because supplies for pipe had run out.

More apartments are needed in Washington C. H. for pipeline crew.

Municipal service in garbage is being considered by city officials. Hoy O. Simons appointed theatrical representative for the autumn war bond drive.

### Fifteen Years Ago

Washington C. H. gets \$15,540 from WPA for improvement of sanitation.

Victim of amnesia is picked up here with \$95 in his pocket.

Eighteen claims filed in Fayette County this week by industrial workers.

### Twenty Years Ago

Richard Haynes, manager of the ne Roxy Theater, to open Saturday afternoon.

Indications are that corn cut-

ting will be late in Fayette County this year.

Local markets: Eggs, 15 cents; wheat, 75 cents and corn, 50 cents.

### Twenty-Five Years Ago

European corn borer found on farm in Paint Township.

Plans for opening of schools considered at meeting to be held in Memorial Hall, Sept. 3.

Ohio State Banker's Association concludes a three day meeting here.

### Thirty Years Ago

Peter E. Emerick loses his life in a well, due to gas which had accumulated from a dynamite explosion. Frank Smith saved from the same fate when his leg got caught in ropes.

While clearing out site of old Midland Hotel, workmen find old well presumed to have furnished water for the building.

## Hotel Is Sold

CLEVELAND (AP)—The Manger hotels chain is buying the 550-room Hotel Allerton for about \$24 million from Samuel Horwitz who has operated the 16-story hotel since 1936.

READ THE CLASSIFIED ADS

## Proud Mother Ignores Guards

ALAMEDA, Calif. (AP)—An Ohio woman broke past guards restraining relatives from welcoming three shiploads of returning Korean War veterans here yesterday.

Mrs. Evelyn Brewer of Danville was quickly chased back, but not before she had time to hold up her 11-month-old daughter, Joan, for Pfc. Joseph Brewer to see for the first time.

Others of the 200 wives and relatives broke through the guard lines, causing a near riot. The Navy first said the guard line was the Army's idea, then said the relatives could visit the 2,340 servicemen.

## Politician Honest About Intentions

DETROIT (AP)—A 56-year-old barber got in and out of deep water yesterday in a campaign bid for the Detroit mayor's chair in the fall elections.

Don Taylor donned a parachute and life vest and jumped about 3,200 feet from a plane into the Detroit River. It was his first jump.

When he was pulled from the water by friends waiting in a boat, Taylor told a reporter he pulled off the stunt for "publicity, that's all son, publicity."

# AUCTION!

ADMINISTRATOR'S SALE

85-Acre

Clinton County Farm

TUESDAY, SEPTEMBER 1

SELLS AT 6:00 P. M. (EVENING SALE)

LOCATED—5½ miles east of Port William, ½ mile north of Bloomington, Ohio, near Grassy Run Church, just off State Route 72, in Wilson Township.

# Elementary Districts For City Schools Are Outlined

The assigning of pupils to the various elementary schools has been completed by the principals and superintendent for the Washington C. H. Schools.

According to an official school announcement, overcrowding in certain buildings makes it necessary for some children to attend a school outside of the district in which they live. These transfers are made in order to benefit all the boys and girls who attend the city schools.

To meet the problems of a large enrollment in the first grade, an additional first grade is being established in the Rose Avenue school, with the children from other districts being transported by bus to the building. This was done to prevent having only half-day sessions in the first grades.

It is stated by school officials that the cooperation of the parents in the past is deeply appreciated, and their continued cooperation is earnestly solicited. Each decision has been reached with the benefit of the pupils in mind, it was stated.

A PRE-REGISTRATION of all first graders will take place in each of the schools on Tuesday, Sept. 8. The first graders, accompanied by their mothers, should go to the school to which they have been assigned according to information shown below, at 2 P. M. Answers to questions that frequently occur, checking of necessary supplies, and discussion of school routine will be made by the first grade teachers and building principals. Every first grader should be in attendance at 2 P. M. on Tuesday, Sept. 8.

Boundary announcements and special transportation adjustments are stated to be as follows:

## CENTRAL SCHOOL DISTRICT

The western boundary of the Central School District will be the east side of North Main Street from the B&O Railroad on the north to the B&O on the south. The northern limits will extend from the B&O Railroad east to the center of Gregg Street to Walnut Street, south on Walnut including the west side of Walnut to the intersection of Temple, including the north side of Temple west to the intersection of Delaware, where the line extends south on Delaware to Ogle, south on Ogle to Washington Ave., east on Washington Avenue to Hopkins Street, south on Hopkins to Broadway, westward on Broadway to the intersection of John, southward on John to the rear of the 500 block facing Broadway, west to the intersection of Sycamore, and then south on Sycamore to the B&O Railroad. The southern boundary will be the B

&O Railroad. All pupils living within these boundary lines will report to Central School, except the following:

**SOUTH NORTH STREET:** All first graders will be transported by bus to Rose Avenue.

**BROADWAY:** All first graders in the 300 and 400 blocks will be transported by bus to Rose Avenue.

Bus stops for these first graders going to Rose Avenue school will be made at the intersection of south North and East Streets; and intersection of South North and Broadway; and the intersection of Sycamore and Broadway.

## CHERRY HILL DISTRICT

Cherry Hill District lines extend from the West Side of Paint Creek to the corporation line, south on North Main Street, the west side of North Main Street, south to where Main Street crosses B&O, west on the B & O to the intersection of the D T & I Railroad, then south on the D T & I to West Circle Avenue. The north side of West Circle Avenue to High Street, then the west side of High Street, south to the intersection of West Elm Street and the west on Elm Street to the city limits. All pupils living within these boundary lines will report to Cherry Hill School, except the following:

**W. COURT STREET:** first graders will be transported by bus to Rose Avenue.

**SOUTH MAIN STREET:** first graders will be transported by bus to Rose Avenue.

**WEST CIRCLE AVENUE:** first graders will be transported by bus to Rose Avenue.

**WEST PAINT STREET:** first graders will be transported by bus to Rose Avenue.

**WEST TEMPLE STREET:** first graders will be transported by bus to Rose Avenue.

Bus stops will be made at the intersections of Circle and West Court Streets; North Hinde and West Temple; Court and Main Streets.

## EASTSIDE DISTRICT

The north limits of the Eastside School District will extend from the city limits on the east and down the center of Gregg Street to the middle of Walnut Street, west on Walnut to Temple Street, west on Temple to Delaware Street, south on Delaware to Ogle Street, south on Ogle to Washington Avenue, east on Washington Avenue to Hopkins Street, south on Hopkins to Broadway, westward on Broadway to the intersection of John, southward on John to the rear of the 500 block on Broadway, west to the intersection of Sycamore Street, south on Sycamore to the B & O Railroad and south on the B & O to the

city limits. All pupils within these boundary lines will report to Eastside School for the 1953-54 school year, except the following:

**ELM STREET:**—all sixth grade students walk to Central School.

**EAST PAINT STREET:** from Walnut to the city limits:—all third and fourth grade pupils will report to Central School. All sixth grade pupils report to Rose Avenue.

**EAST TEMPLE STREET:** from Walnut to the city limits:—all third, fourth, fifth and sixth grade pupils living on East Temple Street will walk to Central School.

**RAWLING STREET:**—all fifth and sixth grade pupils living on East Rawling Street from Walnut Street to the city limits will report to Rose Avenue School. First grade pupils will be transported to Rose Avenue. All fourth grade pupils living on East Rawling Street from Walnut Street to the city limits will report to Central School.

**LEWIS STREET:**—all fourth and fifth grade students will walk to Central.

**GREGG STREET:**—all fifth and sixth grade pupils living on the south side of East Gregg Street from Walnut to the city limits will report to Rose Avenue. All first and second grade pupils will walk to Eastside as in the past.

Bus stops will be made at the intersection of Blackstone and Rawling; and Wilson and Rawling. On returning at noon and in the afternoon, pupils will be discharged at the same stops. Bus Service For First Grade Pupils Only.

## ROSE AVENUE DISTRICT

The limits of the Rose Avenue School District will be bounded on the West by Paint Creek, south to the B & O, North to the center of Gregg Street, East on Gregg to the city limits. All pupils living within these boundary lines and those who live on the north side of Gregg Street, those living north of Gregg Street on Wilson Street and Blackstone Avenue, plus pupils living on Campbell and Brown Streets, will report to Rose Avenue School.

## SUNNYSIDE SCHOOL DISTRICT

The northern limit of Sunnyside School District is the B & O Railroad starting at the D T & I Railroad and extending eastward to the corporation line. The southern limit remains the corporation line and extends westward to the point where High Street and west Elm Street intersection. The western boundary line in the center of High Street northward to Circle Avenue, eastward to the D T & I, northward on the D T & I to where it intersects the B & O. All pupils living within these boundary lines

will go to Sunnyside, with these exceptions:

Children in the grades indicated and living on the streets mentioned will be transported by bus to the school designated.

**ALBIN AVENUE:**—fifth graders will be transported to Cherry Hill. Fourth graders will be transported to Cherry Hill. Third graders will be transported to Central.

**HIGH STREET:**—sixth graders from Oak Street to Circle Avenue will be transported by bus to Cherry Hill. Fifth graders will be transported to Cherry Hill. Third graders will be transported to Central.

**WEST ELM STREET:**—fifth graders (in the 500 block) will be transported to Cherry Hill.

**FIFTH STREET:**—fifth graders will be transported to Cherry Hill. WARREN AVENUE:—fifth graders will be transported to Cherry Hill.

**HARRISON STREET:**—fifth graders will be transported to Cherry Hill. Third graders will be transported to Central.

## SUNNYSIDE BUS STOPS

**FIFTH STREET:**—At the intersection of Fifth Street and Sycamore Street.

**ALBIN AVENUE AND WARREN AVENUE:**—One stop in the middle of the 400 block and one in the middle of the 500 block on Albin Avenue.

**WEST ELM:**—At the intersection of West Elm and High Street.

**HIGH STREET:**—At the junction of High Street and Oak Street and at the junction of Newberry and High Street.

will go to Sunnyside, with these exceptions:

Children in the grades indicated and living on the streets mentioned will be transported by bus to the school designated.

**ALBIN AVENUE:**—fifth graders will be transported to Cherry Hill. Fourth graders will be transported to Cherry Hill. Third graders will be transported to Central.

**HIGH STREET:**—sixth graders from Oak Street to Circle Avenue will be transported by bus to Cherry Hill. Fifth graders will be transported to Cherry Hill. Third graders will be transported to Central.

**WEST ELM STREET:**—fifth graders (in the 500 block) will be transported to Cherry Hill.

**FIFTH STREET:**—fifth graders will be transported to Cherry Hill. WARREN AVENUE:—fifth graders will be transported to Cherry Hill.

**HARRISON STREET:**—fifth graders will be transported to Cherry Hill. Third graders will be transported to Central.

## SUNNYSIDE BUS STOPS

**FIFTH STREET:**—At the intersection of Fifth Street and Sycamore Street.

**ALBIN AVENUE AND WARREN AVENUE:**—One stop in the middle of the 400 block and one in the middle of the 500 block on Albin Avenue.

**WEST ELM:**—At the intersection of West Elm and High Street.

**HIGH STREET:**—At the junction of High Street and Oak Street and at the junction of Newberry and High Street.

## HARRISON STREET—At the intersection of Harrison and Oak and another at the intersection of Harrison and Newberry.

## Scooter Driver Survives Wreck

OKLAHOMA CITY (AP)—A truck loaded with eight tons of stone collided with a small motor scooter yesterday.

The truck driver suffered a mashed foot. The motor scooter driver was not hurt.

## BIS May Expand Its Facilities

COLUMBUS (AP)—John H. Lamneck, state welfare director, said he will confer with federal officials Thursday on the possibility of using the Scioto ordnance tract near Marion to relieve overcrowding at the Boys' Industrial School near Lancaster.

Lamneck said Ohio would have to pay \$625,000 for removal of restrictions that the land be used for educational purposes. The money has been appropriated by the Legislature.

Washington C. H. Ohio

## Sesqui Ball In Columbus To Be Gala Event

A giant birthday ball that will rival anything Grandma used to tell about will be held in Columbus on Thursday, Aug. 27, with people from all over Ohio in attendance.

The party is "The 17th Star Sesquicentennial Ball," being held in celebration of the State's 150th birthday in two Columbus hotels: The Neil House and the Deshler-Hilton.

Although the Central Committee, of which Mrs. Richard R. Willis, Sr., Mrs. Max G. Dice, Mrs. Howard S. Harper and Mrs. Paul Pennington of Washington C. H., are members, has set no hard-and-fast rule that guests must don formal dress for the occasion, most of the women attending will wear authentic antique gowns, sweeping modern-day creations or individually designed "gowns of the future." Prizes will be awarded in each category by judges who are specialists in the field of design.

Five air-conditioned ballrooms have been reserved in the two hotels, and the sidewalks between the two will be roped off so guests can move freely from one place to the other.

Those people from Fayette County planning to attend the ball needn't worry that their costumes will be wrinkled from the long automobile ride, for the Central Committee has reserved changing rooms at each hotel for the convenience of out-of-town guests.

Music for dancing will be furnished by two Ohio orchestras: Earl Taylor and His Taylor Made Music, a Dayton group, will be featured at the Deshler-Hilton, while Barney Rapp and His New

Englanders, from Cincinnati, will play at the Neil House.

Earl Wilson, the Ohioan who has been so successful as a New York columnist, will be master of ceremonies at the big floor show to be presented at the Neil House at midnight and at the Deshler-Hilton at 1 A. M. Wilson is bringing with him a plane-load of Broadway and television stars who are flying to Columbus especially to entertain at the Ball.

Tickets may be obtained in advance—or at the door the night of the Ball, which will start at 10 P. M. and continue until 2 A. M.

For further details contact Mrs. Willis, Mrs. Dice, Mrs. Harper or Mrs. Pennington.

## Engagement Is Announced

Mr. and Mrs. A. J. Knisley of the Jamestown Road, are announcing the engagement to their daughter, Kathryn Mary, to Mr. Donald Miller son of Mr. and Mrs. Charles A. Miller of Bloomingburg.

Miss Knisley attended Sabina High School, and graduated from the Columbus Beauty School in 1945. She is associated with the Silhouette Beauty Shoppe in this city.

The bridegroom-elect is a graduate of New Holland High School in the class of 1944 and is engaged in farming.

The wedding is being planned for mid-September.

## Mrs. Acton Entertains Sunday School Class

Mrs. Ulric Acton entertained members of her Sunday School class of Milledgeville Methodist Church at a hamburger fry and picnic Tuesday evening on the lawn at the home of Mr. and Mrs. John Morgan.

Hamburgers were cooked over an outdoor furnace and were served at small tables.

Following the supper hour outdoor games were enjoyed, and Mrs. Acton was assisted during the evening by Mr. Acton and Mrs. Grant Morgan, who is the assistant teacher of the class.

Members of the class, made up of children between the ages of eight and twelve were: Kathy Allen, Barbara Hiser, Nancy Johnson, Helen Louise and Ruth Ann Sheley, Johnny Minton, Frances and Vernon Kiontz, Eleanor Moats and J. P. Morgan.

Mrs. Eugene Kiontz, Mrs. John Sheley, Mr. Grant Morgan and Mr. and Mrs. John Morgan were older guests.

## Saturday Wedding Is Announced

The marriage of Miss Betty May Seitz, daughter of Mrs. Gladys Larkins of this city, and Mr. Lee Seitz of Greenfield, to Mr. Harold Franklin McCullah, son of Mr. and Mrs. Bill McCullah, also of this city, was an event of Saturday, August 22.

Rev. Russell Knisley officiated at the single ring service at 9:30 A. M. at his home.

The couple, who is residing temporarily with his parents, expect to establish their home in this city where the bridegroom is associated with the Med-O-Pure Dairy.

## Rotary Club And Families Enjoy Picnic

Washington C. H. Rotarians included their families and members of the swimming pool staff Tuesday evening at their annual summer picnic, which was held in the shelter house at Washington Park, adjoining the swimming pool, with one hundred and fifty in attendance.

The delightfully cool evening added to the pleasures and the long tables were laden with platters of golden brown fried chicken, potato salad, sliced tomatoes, with corn on the cob prepared in a huge iron kettle over an open fire, coffee and iced tea, and last, but not least, generous servings of watermelon and cookies.

Later grown-ups and children enjoyed a delightful hour which was arranged for by Mr. Eli Craig, the program chairman, comfortably seated on chairs for a swimming exhibition in charge of Mrs. Robert Green, a Rotary Ann, water safety instruction member of the park staff, at the pool and Miss Mary McDonald, her assistant.

Through the loudspeakers, Miss McDonald gave instructions for the different phases in swimming, which were carried out by the class of beginners who are learning the fundamental strokes in the first stages.

Mrs. Green presented the following swimmers in the nine standard strokes in swimming: Elementary back stroke, Sarah Core; Breast stroke, Jeri Ann Boylan; Inverted breast stroke, Jane Whiteside; Side stroke, Joan Knisley; Overarm side stroke, Jane Whiteside; Trudgen, Sandy Rose; Front crawl, Sarah Core; Trudgen crawl, Sarah Core and Back crawl, Jane Whiteside.

Appearing in the lifesaving demonstration under the direction of Mrs. Green, were Ralph Sommers, Bob Dunton, Mike Lawrence and Tom Swaim, and in the "Water Ballet," also in charge of Mrs. Green, were Sarah Core, Gretchen Himmelsbach, Jeri Ann Boylan, Kristin Himmelsbach, Nancy Swaim, Sandy Rose, Joan Knisley and Joan Campbell.

The committee in charge of the picnic were Mr. and Mrs. C. Elton Rhoad and Mr. and Mrs. George Finley, co-chairmen, with Mr. and Mrs. Carroll Halliday, Mr. and Mrs. Don Wood, Mr. and Mrs. Ronald Cornwell and Mr. and Mrs. Forest Tipton supplying the corn, Mr. and Mrs. Clarence Cooper assisted Mr. and Mrs. Robert Hagler, Mr. Eli Craig and Mr. Edmond Woodmansee supplying the watermelon.

Mr. Ralph Penn was table chairman and the platters of delicious chicken and other foods were supplied by the wives of other Rotarians.

Add a little lemon juice to buttered crumbs when you are using them as a topping for vegetables such as snap beans, frozen or canned asparagus, or cauliflower.

## Personals

Mrs. T. W. McFadden and Mrs. Blanche Boyer returned Tuesday from a ten day stay at Mganetic Springs, near Delaware.

Mrs. C. L. Leysion of Cincinnati, arrived Tuesday to spend several days as the guest of her sister, Mrs. Ed Hunt, and Mr. Hunt.

Mrs. John Brennan of Xenia, is spending several days here as the guest of her sister, Mrs. Walter Patton, and Mr. Patton.

Mrs. Richard E. Jones of Camden, New Jersey, came Tuesday for a visit with her sisters, Mrs. Ruth MacMasters, Mrs. Howard Allen and Mr. Allen.

Mrs. Paris Custer spent Tuesday in Portsmouth, where she was the guest of her sister, Mrs. James Lynch, Mr. Lynch and daughters, Ruth Marie and Rachel Ann.

Mr. and Mrs. Robert Minor, children Robert Allen and Mary Ann, have returned to their home in Hattsville, Maryland, after a visit with Mrs. Minor's parents, Mr. and Mrs. Howard Allen.

Marjorie Porter, Mrs. Claude Davis and Mrs. Daisy Flint returned Tuesday evening from a week's vacation trip to northern Michigan, where they visited Mackinac Island through the Straits and the Upper Peninsula, on to Sault Ste. Marie and a tour of Canada.

Mr. and Mrs. Ralph Hays of Madison Mills, have returned from a twelve day vacation trip which included stops at Philadelphia, Pa. and New York City, a tour of the New England states, Quebec and Montreal, Canada, a boat trip through the Thousand Islands, on to Niagara Falls and Cleveland enroute home.

Mrs. Herman Swinehart has returned to her home in Pratt, Kansas, after being called here by the death of her brother, Mr. Jess Feagans, Mrs. Lawrence Staats, Mrs. Fred Horn and Mrs. Stanley Fletcher of Mt. Vernon were also called here by the death of Mr. Feagans, and Mrs. Staats is remaining for a longer stay with Mrs. Feagans.

Mr. and Mrs. John E. Rhoads and daughters, Pamela and Sandra, have returned from a ten day trip through the eastern states, visiting Gettysburg and Valley Forge, Pennsylvania, and other points of historic interest in Philadelphia, Boston and Plymouth, Mass. They then went north to Maine and traveled through the White Mountains, visiting friends in Yarmouth, Pennsylvania.

Gleaming ruby-red consommé Madrilene always makes an inviting course in warm weather. Serve it with lime or lemon wedges; or top it with a spoonful of sour cream sprinkled with minced chives or parsley.

## Campfire Girls Plan Activities At Meeting

The Tanda A Camp Fire Girls held their regular meeting at the home of Sherry and Connie Rae on Tuesday afternoon.

The president, Patricia Ann Robinson, called the meeting to order and Jane Alkire, the secretary, read the minutes of the last meeting.

Connie Chakeres was in charge of roll call which was answered by the members naming their favorite kind of cake.

In the old business, the girls discussed going on an overnight camping trip Thursday and they are to meet at Paulette Pennington's home at 3 P. M. to go to the Woodmansee cottage on the Leesburg Road.

In the new business, plans were made to hold a party for the parents of the members which will be held at 6 P. M. Wednesday, September 2, at the Washington C. H. Country Club.

Refreshments were served by Connie Rae, assisted by Patricia Ann Robinson.

Sherry Rae and Jane Alkire were in charge of the recreation, after which the closing circle was formed.

## Mrs. Michael Is Hostess To Class Members

Mrs. Ralph Michael entertained members of the Willing To Help class of McNair Presbyterian Church for the regular monthly meeting at the home of her mother, Mrs. Lulu Davis, beautifully decorated with roses.

The president, Mrs. Ray Wieland, called the meeting to order and led in the opening devotions, reading the First Psalm and the praying of the Lord's Prayer.

During the business session the reports of the last meeting were read and accepted and it was decided to purchase a new stove for the church kitchen.

Plans were also made for a rum-

## Mrs. Coffman Is Hostess At Lovely Tea

Mrs. Dwight Coffman entertained at a delightful tea Tuesday at her spacious new home on Van Deman Avenue, and the occasion honored Mrs. Delbert S. Mann of St. Louis, Missouri, and included a group of friends of Mrs. Mann, who called between the hours of three and five in the afternoon.

Floating watergardens of dahlia blossoms were used throughout the rooms in effective arrangements and the tea table, lace covered, with crystal appointments, had as its central adornment a watergarden of floating white gladioli flowerlets and blue ageratum which carried out a blue and white color scheme.

Punch was served with the accompanying dainty sandwiches and cookies, with Mrs. Willis Coffman and Mrs. Robert P. Wilson alternating in presiding over the punch bowl.

The invited guest list included in addition to Mrs. Mann, Mrs. Coffman and Mrs. Wilson, Miss Ann Story, Mrs. Donald Lange, Mrs. Paul Pennington, Mrs. Samuel D. Sauer, Mrs. William Junk, Mrs. Frank Baker, Mrs. Howard Perrill, Mrs. Robert S. Sanderson, Mrs. Jack Hagerty, Mrs. Clarence D. Hayes, Mrs. Herbert Sollars, Mrs. John Gerstner, Miss Suzanne Willis, Mrs. Robert Link, Mrs. Alfred Hagler, Mrs. Louis Baer, Mrs. Wil-

A short business meeting followed, with Mrs. Raymond Burchfield, class president, presiding.

Roll call was responded to with a Bible verse.

The president read the resignation of the treasurer and Mrs. Richard McLean was elected to fill the office for the remainder of the coming year. Rev. McCarty thanked the class for its recent gift to the McCarty family.

A teacher for the class was discussed, but no definite plans

The business meeting closed with prayer by Mr. Albert Caplinger and informal visiting was enjoyed for the remainder of the evening.

Assisting Mr. and Mrs. Evans in the hospitalities of the evening were Mr. and Mrs. Albert Caplinger, Mr. and Mrs. Joe Merritt and Mr. and Mrs. Robert James.

## Class Members Enjoy Picnic At Evans Home

Members of the Shepherd's Bible Class of the First Baptist Church enjoyed their annual picnic at the home of Mr. and Mrs. Ernest Evans on the Leesburg Road, with 33 members and their families present.

The bountiful supper was served from one long table on the spacious lawn, with Rev. F. T. McCarty pronouncing the invocation preceding the enjoyable supper hour.

A short business meeting followed, with Mrs. Raymond Burchfield, class president, presiding.

Roll call was responded to with a Bible verse.

The president read the resignation of the treasurer and Mrs. Richard McLean was elected to fill the office for the remainder of the coming year. Rev. McCarty thanked the class for its recent gift to the McCarty family.

A teacher for the class was discussed, but no definite plans

# Announcement of Personnel Of City's Teaching Corps

With the opening of the city schools of Washington C. H. on September 9, there will be a teaching personnel of 69 ready to instruct the huge throng of young people in the varied fields of education in this coming school year.

It is said that two teaching positions in the high school are yet to be filled which would increase the teaching staff to 71.

The teaching corps as announced by City Superintendent W. A. Smith for the 1953-54 school year for the high school, together with the subjects each one is to teach, is as follows:

Miss Ethel Arnold, English 8, English 11; Homer Beard, Social Science 7, Social Science 8; Dennis Bell, Boys' Physical Education, and Head Football Coach; William Buck, Bookkeeping I, Science 8, Assistant Coach; William B. Clift, Instrumental Music; Frederick Cluff, Mathematics 8, Visual Education Supervisor; Arthur Engle, Driver Education, Vocational Auto Mechanics, Faculty Manager;

Miss Marjorie Evans, Spanish I and II, English 9, Dean of Girls; Miss Martha Fowler, Vocal Music; Charles Glover, Science 8, Biology; Mrs. Madonna Gordon, Business Arithmetic, Advanced Algebra, Plane Geometry; Mrs. Jane Gril-lot, Latin I and II, English 10; Roger Hoffman, American History, American Problems; Dewey Huff-man, Vocational Agriculture; Mrs. Grace Iden, Social Science 7, Home Art 7 and 8; Stanley M. Johnson, Mathematics 7;

Miss Ruth Kinney, Vocational Home Economics; Denzil Leggett, Science 7, Assistant Coach; Thom-as Mansell, English 11, Speech and Dramatics; Mrs. Faye Mayo, Gen-eral Mathematics, Algebra; Miss Gladys Melson, Typing II, Steno I and II, Office Practice; Mrs. Lo-reah O'Brian, Special Education; Howard Pond, Industrial Arts, Social Science 8; Paul Pritchard, Vocational Auto Mechanics; Miss

## Alliance City Council Seat Finally Filled

ALLIANCE, Ohio (AP)—City Council voted again last night to fill a vacancy, and this time came up with a Republican, Andy Prince.

The problem began when Republi-can Alfred S. Aegglen resigned from council to take another city job, as inspector-engineer for the new Deer Creek Reservoir.

Prince and a Democrat, Wilbert Quinlan, sought the post. There were four Democrats and four Rep-ublicans on the council. The pres-ident, William M. Morgan, Republi-can, is empowered to vote when ties occur.

But a week ago Morgan was absent and Republican Fred M. Russell was serving as president pro tem. In balloting to fill the vacancy, four Democrats voted for Quinlan and three Republicans voted for Prince. Russell cast a fourth vote for Prince and claimed there was a tie.

The Democrats claimed Quinlan was the winner, 4-3, and that Rus-sel could not vote as president pro tem because there was no tie. They filed a petition in Stark County Common Pleas Court for a declar-atory judgment supporting their position.

Without waiting for a decision in the court, council took another ballot last night, with Morgan back in the president's chair. Russell cast the fourth vote for Prince and Morgan broke the tie in the Re-publican's favor.

## REA Loan Granted

WASHINGTON (AP)—The Rural Electrification Administration has approved loans to Northwestern Electric Cooperative, Bryan, Ohio, for \$250,000.

B. Vance, Indus-trial Arts; Jack White, American Problems, Salesmanship-Law, Dean of Boys; H. S. Winter, General Science 9, Chemistry, Physics; J. M. York, General Science 9, Miss Ruth Stecher, English 9.

FOR THE VARIOUS grade build-ings of the city schools, the an-nouncement of the teachers con-tains the schools to which they are assigned and the grades they will teach as follows:

Central School:—Miss Lillian Taylor, fifth grade; Miss Marian Christopher, fourth grade; Mrs. Virginia Whiteside, third grade; Mrs. Dorothy Everhart, second grade; Miss Margaret Gibson, first grade.

Cherry Hill:—Miss Opal Davids, sixth grade; Mrs. Amelia Child,

## School Enrollment Here Largest In City's History

What is anticipated as the heaviest enrollment in the history of Washington C. H. schools, a total of 2311, has been announced by Supt. W. A. Smith for the opening of the new school year on September 9.

A schedule is furnished below which shows the number of young people who will enter each of the various grades, according to the registration and assignments.

The total shows that in elementary grades one to eight, there are 1582 students scheduled; for high school grades 9 to 12 a total of 729 are expected for classes.

Here is the way the various elementary schools and the high school line up:

	1	2	3	4	5	6	TOTAL

## Immunization Sought For All First Graders

**Supt. Smith Urges This Is Desirable Before Opening Day**

Superintendent W. A. Smith ur-ges parents of first graders to have the immunization shots for their children completed before the opening of school on Sept. 9. These include the diphtheria, whooping cough and anti-tetanus shots.

Vaccination against smallpox should have been completed in the spring, Smith stated, as he pointed out that all children in the Wash-ington C. H. city schools are re-quired to be vaccinated.

Birth certificates for first grad-ers should be brought by the moth-ers to the special pre-school meet-ing of first graders in the respec-tive elementary schools to be held on Tuesday, Sept. 8, at 2 P. M. All first graders must present birth certificates which are returned as soon as the data of them are re-

The Record-Herald Wed., Aug. 26, 1953 7

corded on school forms. Birth certificates may be secured from the county health department if parents do not already have them.

## Flying Radar Ships Ordered

BURBANK, Calif. (AP)—Flying ra-dar stations are the latest wrinkle in Uncle Sam's defense plans.

This was disclosed with the an-nouncement yesterday by Lock-heed Aircraft Corp. that it is build-ing high-altitude reconnaissance craft with "the most powerful search radar" yet designed. Both the Air Force and the Navy will utilize the special planes, patterned on the Lockheed Super Constella-tion transport.

Each plane will carry six tons of electronic equipment, including ra-dar antenna housed in an eight-foot structure atop the fuselage. The ship carries a crew of 31.

## JOUAM Elects

COLUMBUS (AP)—Harry E. Fetter of Springfield today becomes the new councilor of the Ohio Chapter Junior Order, United American Mechanics.

## Ohioan Elected

HOUSTON, Tex. (AP)—Peter Kourmoules of Canton, Ohio, was elected secretary of the Ahepa here yesterday. Ahepa is an inter-national organization of persons of Greek descent.

# Work Being Rushed On Four School Improvements In County School System To Be Ready For Opening Day September 8

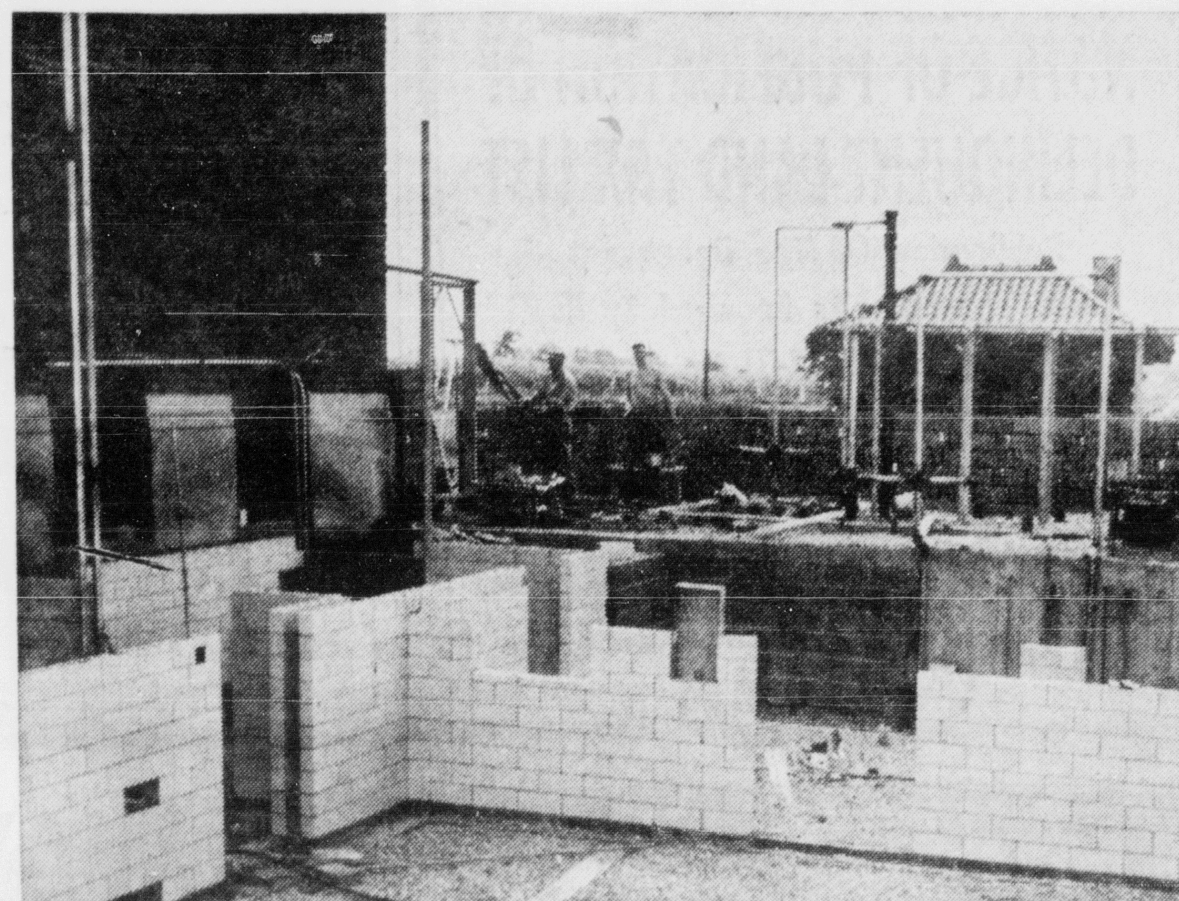

WORKMEN ARE SHOWN IN THE ABOVE PHOTO, taken at Eber School, laying the cement floor for the new additional room that is being built. The room will be used for many different purposes, an auditorium, recreation room or classroom. A basement room is being built which will probably be used as a lunch room. Inside toilets are also being installed. Eber is in Union Local School District. (Record-Herald photo)

THE ABOVE PHOTO SHOWS the rear view of Olive School where an addition is being constructed. The Olive improvements will be a basement room and a multiple room that will be used for an auditorium or classroom. Inside toilets are being installed also. Olive is located in Green Local School District. (Record-Herald photo)

CHAFFIN SCHOOL, IN UNION LOCAL DISTRICT, is getting some needed new improvements. An additional classroom, a basement room and inside toilets are being constructed. The money for the improvements of the four schools was all from the bond issue that was passed last November in the respective school districts. (Record-Herald photo)

PUPILS OF THE WILSON SCHOOL will have a new classroom, inside toilets and a new basement room for their use when they go back to school on Sept. 8. Wilson is in Union Local School District. (Record-Herald photo)

## School Buildings Put In Shape For Sept. 9

All Washington C. H. city school buildings will be in complete readiness for the opening of the regular classes on Sept. 9, Supt. W. A. Smith reported today.

All areas of all buildings have been thoroughly housecleaned in anticipation of receiving the largest enrollment in the history of the schools, Smith said. The total anticipated enrollment is 2,311.

The largest enrollment in any grade or class will be in the first grade, where 299 students are expected to register.

THE BOARD OF Education established an additional first grade room at Rose Avenue to which first graders from outside that district will be transported. This was done to avert the necessity of having only half-day sessions for the record breaking first grade enrollment, Smith explained.

A continuation of the planned program to keep the schools in good shape before major repairs become necessary has been followed during the summer under the supervision of Fred Rost, Smith said.

Removal of built-up wax on corridor and classroom floors was carried on this summer in all of the buildings. All classrooms, corridors, rest rooms, locker and shower rooms have been scrubbed and cleaned down to the original base, and coated with a seal and wax, Rost reported.

BLACK TOP has been applied to playground areas where the need was greatest to eliminate water holes.

All playground equipment and outside metal railings have received a protective coating of paint.

Gardner Field House was remodeled for better usage of the available area for dressing facilities.

The Rose Avenue school building received a painting of all exterior wood. In addition, four classrooms within the building were painted in line with the latest recommendations in the use of color.

All broken glass in all of the buildings has been replaced by the maintenance crew. A number of desks have been refinished, assuring students of sanitary and usable writing surfaces.

THE HEATING equipment in each building has been inspected and repaired. The thermostats have been removed, cleaned, worn out parts replaced, and put in readiness for the winter heating period. Similar attention was given to steam radiator valves, water traps, water faucets, toilet con-

nections and shower heads by Ralph Huff and his crew, Huff, a veteran in this type of work, reported everything in readiness to go.

Other items have included tree trimming on school grounds and removal of dead trees in the interest of safety to the students and general public. Door hinges, closets and panic bars have been repaired. The clock systems in each school have been inspected so that bells will ring on time for the opening session.

The first day's session will last only one-half day in order to give teachers a chance to check on classroom needs, transfer of equipment and pupils.

A general teachers' meeting on Tuesday, Sept. 8, precedes the opening of school on Wednesday, Sept. 9.

## Sen. McCarran Says Ike Plans No Opposition

WASHINGTON (AP)—Sen. McCarran (D-Nev.) said today he is convinced President Eisenhower "will not personally spearhead a movement to alter or change the McCarran-Walter Immigration Act."

The President has called for revision of the law.

McCarran, co-author of the statute, says he has a "complete belief" the President will not "interfere" with the present law, passed in 1952 over the veto of former President Truman.

The act has been under fire by some congressmen and others ever since on grounds that it unfairly discriminates against certain foreign nationals and that the provisions aimed at barring possible subversives are unduly harsh. For instance Eisenhower on April 27 said one complaint made to him was

that the law fails to define political offenses, that it makes an alien subject to deportation for subversive activities even though they were terminated years ago, and that a consul has to determine "by his own mental processes" whether an alien probably would engage in subversive activities.

In his State of the Union message, he said, "It does, in fact, discriminate" and "I am therefore requesting the Congress to review this legislation and to enact a statute that will guard our legitimate national interests and be faithful to our basic ideas of freedom and fairness to all."

McCarran offered no details of what has fostered his avowed belief the President will stay neutral during efforts to change the law.

There are about 36 million dairy cattle in the United States.

## Westinghouse Contract OK'd

NEW YORK (AP)—A new contract covering 50,000 employees of the Westinghouse Electric Corp. has been accepted by the CIO Electrical Workers Union.

The agreement provides wage boosts of three to 11 cents an hour as well as improved pension and other benefits. The contract is retroactive to July 1 and effective until next July 1 concerning wages and to July 1, 1956 on pensions.

## B-36 Bombers Land In Japan

TOKYO (AP)—A flight of B36 heavy bombers landed at an American base here today after a nonstop

trip from bases in the United States. The number of the monster bombers was not disclosed.

The planes landed at Yokota air base, used during the Korean War by B29s bombing Communist targets. The B29s were moved out yesterday to Okinawa. Special guards were ordered for the field. The intercontinental bombers, built to carry atomic weapons, were making their first visit to Japan.

## Marine Aide Dies

CLEVELAND (AP)—Cmdr. Alan Mason, 52, head of the Coast Guard's marine inspection unit here, died yesterday in the U. S. Public Health Service Hospital in Baltimore.

El Salvador is nicknamed daughter of fire" because of her 14 active volcanoes.

## Prevention Is Watchword Of School Health

### Health Department's School Program A Big Part Of Work

Soon (and all too soon, some children will agree) vacation time will be over. The trek back to school will begin very soon.

Before the opening date, however, Dr. Gordon E. Savage, Fayette County's health commissioner till September, has been urging parents to take their children to a family physician if they need any health faults corrected. After a summer of fresh air and sunshine, children should be ready to ply their books again, refreshed and healthy. But are they? Parents cannot take the health of children for granted just because they have been exposed to sunshine and fresh air during the summer months.

During this time of the year, people, like members of the staff of the health department, will be going about their business of making sure school youngsters are in tip-top shape for the strenuous school life ahead.

The work of the health department begins with an inspection of the schools by a county sanitarian whose reports are sent to the various school boards.

THE HEALTH OFFICIALS figure that a lot of grief and misery can be saved by starting the child off on the right foot in the pre-school clinic which is conducted every summer by the health department.

Vaccination against smallpox and immunization against whooping cough, diphtheria and tetanus, of every child before he or she enters school, is one of the major goals of the health department, although correction of poor eyesight, faulty hearing, weak heart and all other ailments are just as important to success in school.

The Fayette County Health Department, of course, through its clinics and school examinations, discovers many sources of present and future health trouble for young youngsters. When something is

found needing correction, the child is referred to the family doctor.

THE MATTER DOES not end there, however, because the health department follows up to see if the parents take their child to a doctor. In some cases, money is obtained from charitable funds to pay for the necessary treatment when needed.

Once the child has entered school, the concern of the health department continues.

For one thing, each child gets at least one complete examination every five years.

The nurses are making periodic visits to the schools throughout the year to follow up and spot check.

The sum total of the school health program here is prevention. Through this program, the school child is kept healthy and when sickness does strike, it is spotted promptly and the danger of spreading the disease to other children is eradicated.

## Reds Tell Allied Burial Places

TOKYO (AP)—Peiping radio says the Reds have notified the U. N. Command of the burial places of 1,651 Allied soldiers who died while prisoners.

The Reds recently turned over a list of men they said died in captivity, but it fell far short of the thousands of U. N. troops still unaccounted for.

Peiping also said the Communists have asked what the U. N. commander intends to do about 250 Chinese it claimed were being held back. Army Secretary Stevens recently said the U. N. Command was holding back the 250 until it finds out whether the Reds intend to release all Allied POWs.

## Lake Defeats Grandad Again

CEDAR POINT (AP)—With his goal just five miles away, 53-year-old William Sadio of Brooklyn, N. Y., failed last night in his third attempt to swim 32 miles across Lake Erie from Point Pelee, Canada.

Sadio, a grandfather who teaches physical education in Brooklyn, was within sight of the lights of this summer resort when he gave up after 18 hours in the water, and was taken aboard an accompanying cruiser. On Aug. 14, he quit 15 miles from here. On his first attempt Aug. 3 Sadio gave up after six hours in the water.

# County's School System Is Ready With Teaching Corps

A corps of 86 teachers and special instructors make up the staff for the village and rural schools of the Fayette County school system which will guide the learning of approximately 2,400 young people enrolled to start their classroom work in various locations over the county, on Sept. 8.

This number includes the superintendents of the four high schools of the county system, each of whom do some class work. It also includes Miss Hattie Pinkerton, who has the title of visiting teacher, whose work is connected with all the rural and village schools.

IN ADDITION, this list includes two instructors in the Veterans Agriculture course, Horace K. Wilson and Harry Allen, who teach at Wayne School at Good Hope. They are paid by the Wayne district board of education which gets refund for this expense from the Veterans Administration of the federal government.

The list of teachers submitted by the office of County Superintendent W. J. Hilly, states that several additional teachers are to be confirmed by the boards of education of some school districts very soon. These were teachers engaged in recent days to fill vacancies, who were scheduled to be confirmed at the first meeting of the board of their school after their engagement.

THE TEACHING corps as announced for the 1953-54 year for the county system is as follows:

**Bloomington High School**—Gilbert H. Biddle, Supt., Mrs. Mary Belle Biddle, Mrs. Mary Alice Burton, Mrs. Elton B. Elliott, Cullen R. Pfendler and Frank W. Truitt, Jr.

**Bloomington Elementary School**—Mrs. Doris Bitzer, Mrs. Mary E. Foster, Mrs. Margaret McCoy, Mrs. Nellie E. Mossbarger, Mrs. Ruth M. Vance and Mrs. Mary F. Parrett.

**Jeffersonville High School**—Ralph McFarland, Supt., Miss Lucille Bates, Mrs. Rowena Graham, Robert Wientjes, Harry Phillips, Miss Phyllis Grimme, Robert Hildreth and Lloyd Conover.

**Jeffersonville Elementary School**—Malcolm Kelley, Mrs. Rozella Binegar, Mrs. Gwendolyn Ware, Mrs. Darlene Lemley, Miss Helen Fults, Mrs. Frances Kearney, Mrs. Verla Estep, Mrs. Jocelyn Harper, Mrs. Margaret Morrow and Mrs. Avis Bockstahler.

**Madison Mills High School**—Robert Angus, Supt., Mrs. Lena B. Mowery, John D. Bryan, Miss Kathryn Bower, Charles B. Lutz and Frank Creamer.

**Madison Mills Elementary School**—Mrs. Dorothy Giebelhouse, Mrs. Mrs. Nancy Melton and Miss Florence Jacobs.

**Wayne (Good Hope) High School**—Harold E. Thomas, Supt., Walter Hobbie, Miss Lida G. Wissler, Mrs. Mary J. Schwaigert.

**Wayne Elementary School**—Mrs. Betty Eakins, Mrs. Gladys Cheryholmes, Mrs. Grace K. Judy and Norton Plymale.

In addition, Horace K. Wilson and Harry Allen serve as instructors in the Wayne High School in the Veterans Agriculture course.

**Staunton Elementary School**—Travis N. Turvey, Prin., Mrs. Edith Brown, Mrs. Jane Riley and Mrs. Helen Huff.

**Olive Elementary School**—Mrs. Alma McCoppin, Prin., Mrs. Nancy Cummings, Mrs. Betty Hale and Mrs. Helen Huff.

**Jasper Elementary School**—M. A. Rife, Prin., Miss Anna A. Frayne, Mrs. Joan Douglass, Mrs. Helen Emery, Mrs. Evelyn Reser, Burke Kearney, Mrs. Mary J. Schwaigert.

**Marion Elementary School**—Edon Whiteside, Prin., Mrs. Hazel Brackney, Mrs. Helen Pope and Mrs. Mary J. Schwaigert.

**New Martinsburg Elementary School**—Adam Wilson, Prin. and Mrs. Clara Belle Patton.

**Chaffin Elementary School**—Robert E. Creamer, Prin., Mrs. Dorothy McDonald, Mrs. Delma Hilly and Mrs. Jane Foster.

**Eber Elementary School**—Conner E. Merritt, Prin., Mrs. Ada Mrs. Zoe Engle and Mrs. Dorothy McDonald.

**Wilson Elementary School**—W. Webb, Prin., Mrs. Georgianna Stewart, Mrs. Charlene Mace and Mrs. Carrie Stephenson.

Miss Hattie B. Pinkerton is Visiting Teacher in special work for all the rural and village schools.

## 'Dead' GI Freed

PANMUNJOM (AP)—One of the 136 Americans liberated by the Reds here last night, Cpl. Henry H. Kern of Hardin, Mont., was listed earlier by the Defense Department as having been killed in action.

# Fifteen New Teachers Here In City Schools

## Two Vacancies Yet Remain; Names of New Teachers Given

Fifteen new teachers have been employed in the Washington City Schools for the year 1953-54, Supt. W. A. Smith stated today, and two vacancies still exist.

The vacancies are an elementary principalship at Central School and in English vacancy in the high school.

Eight of the replacements were in the high school and seven in the elementary schools, Smith said.

The new high school teachers include: Dennis Bell, head football coach, who will also teach boys' physical education classes; Homer Beard, assistant football coach, who will teach Social Science 7 and 8; William Buck, assistant football coach, who will teach Bookkeeping I and Science 8; Miss Martha Fowler, vocal music instructor; Stanley M. Johnson, Mathematics 7; Denzil Leggett, assistant coach, who will teach Science 7; Howard Pond, Industrial Arts and Social Science 8; and H. S. Winter, General Science 9, Chemistry and Physics.

The new elementary teachers include the following: Cherry Hill,

Miss Rosemary Snyder, fourth grade; Mrs. Edith Parsley, first grade; Eastside, Mrs. Lillian Sommers, third grade; Mrs. Louella B. Campbell, second grade; Rose Avenue, Mrs. Harry Townsend, second grade; Mrs. Frances Neff, first grade, and Mrs. Gertrude Titus, first grade.

All of the new teachers have secured living quarters and are ready to start the new school year on Sept. 9, Smith stated. An induction program for the new high school teachers will be conducted by Principal E. W. Titus on Friday, Sept. 4.

A general meeting of all the Washington C. H. city teachers will be held in the high school auditorium at A. M. on Tuesday, Sept. 8.

The African Gold Coast has an area of 92,000 square miles.

# Reds Arresting Leaders Of Riot

BERLIN (AP)—A wave of new arrests in connection with Germany's June 17 revolt was reported today as the Communists announced an alleged leader of the uprising had been sentenced to life imprisonment.

The West Berlin radio said Communist zone security police had arrested 64 persons suspected of taking part in the revolt. They were bagged in three steel plants and an artificial rubber plant.

A few hours earlier the German Communist ADN news agency announced that Gerhard Roemer, 26, had been sent to jail for life as a leader of the rebellion.

# Tarheel College Rapped By NCAA

CHARLOTTE, N. C. (AP)—The Charlotte News said today the National Collegiate Athletic Association had charged North Carolina State College with paying a freshman basketball star \$75 monthly in addition to other benefits. The player named is Ronnie

Shavlik of Denver, Colo., who received:

Three round trips a year between Denver and Raleigh, tutor services, country club golf privileges, a new set of golf clubs, board, room, tuition, books, fees and the monthly allowance.

A 30-ton humpback whale will produce about seven tons of oil.

# More Books For Children Are Found In American School Rooms Today

PITTSBURGH—Far more books reach American classrooms today than 200, 100 or even 50 years ago. This new book power is shown in a recent study by Dr. John Nietz, professor of education at the University of Pittsburgh.

A typical 6th grade pupil today uses eight textbooks, he says, and four supplementary pamphlets weighing 11½ pounds with 3,115 pages of reading matter.

Compare that with the three small texts and perhaps a Horn-

## USTA To Probe Strike At Track

COLUMBUS (AP)—The United States Trotting Assn. said today it was sending an official representative to Freehold, N. J., where horse owners have served a strike notice on track officials.

A USTA spokesman said Orrin Baker of Leland, Ill., is going to the scene in an effort to conciliate disagreements.

The owners voted unanimously to call the strike. Edward Dougherty of Jersey City, executive committee member of the Thoroughbred Owners' Assn., said track officials had "nothing to offer" to the owners' requests for bigger purses and elimination of a two per cent entry fee.

THE U. S. COURT OF Appeals has been asked by the U. S. government to reverse a lower court ruling which quashed four of seven charges of perjury against Owen Lattimore (above), Far Eastern affairs expert and one-time U. S. State department consultant. (International)

book, together weighing six ounces and totalling 272 pages, commonly used by the early American pupil in 1750.

The 1750 youngster, Nietz says, used the New England primer, perhaps a Psalter and occasionally an arithmetic. He likely began with a Hornbook, a small, paddle-like object made of anything from wood to gingerbread, upon which the alphabet was printed or engraved.

Today's 6th grade pupil studies spelling, health, science (with four supplementary pamphlets), arithmetic, music, English, reading and geography.

Nietz says our education began in all-day Sunday school sessions, because children worked during the week, and almost all teaching was of a religious nature. Then along came the prolific textbook authors—of which Noah Webster was the first. Pupils in the 1800 sixth grade were using Webster's Blue-Back Speller, in addition to a reader, a geography and an arithmetic, totalling 972 pages and weighing 1 lb., 11 oz.

By 1850, when another prolific author was well established in the field—William McGuffey—the pupils were studying reading, spelling, geography, arithmetic and grammar, totalling 1280 pages and weighing 2 lbs. 13 oz. Over the 100-year period the 6th grader's subjects had increased by only two, but the number of pages he had to read had increased by 1,008.

The next half-century saw a great change in the 6th grade curriculum. By 1900, Nietz says, the pupil was generally studying spelling, reading, arithmetic, physiology, grammar, drawing, penmanship and history, an increase of three subjects, 4 lbs. 3 oz. and 712 pages in 50 years.

While the curriculum itself has not increased since 1900, there have been some changes in subject matter, namely music and science. Today's 6th grade pupil digests 2,843 more pages of read-

# Cincinnati POW Dies In Red Camp

WASHINGTON (AP)—The Defense Department made public today the names of 20 more American servicemen of the 1,022 reported by the Communists to have died in Far Eastern prison camps. Earlier lists contained 837 names, leaving 165 to be named. In every announcement about the prisoners, the Pentagon has emphasized the absence of independent confirmation of the Communist reports.

There was one Ohioan on the list, Capt. Edwin P. Siedler, son of Mr. and Mrs. Edwin J. Siedler of Cincinnati.

The new building is still under construction.

ing. Students should enter the building through the North Street entrance. Regular classes start Wednesday morning, Sept., 9.

School To Be Held In 'Circus' Tent

OKLAHOMA CITY (AP)—The Oklahoma City school board has found another way to make going to school almost painless for protesting youngsters.

The board voted to use a giant circus-type tent as an assembly hall for the 500 students at the new U. S. Grant School.

The new building is still under construction.

## Anti-Ice Box Ruling Sought

GRAND RAPIDS, Mich. (AP)—The City Commission is drafting an ordinance to prohibit the abandonment of intact ice boxes. The commission is acting on a

housewife's letter complaining over a recent nationwide wave of children suffocating in abandoned ice boxes and refrigerators.

The ordinance would prohibit anyone from leaving hinges on doors of unused ice boxes and similar appliances.

## Hilty Regime as Head of County School System Has Watched Many Changes Affecting Rural Schools

Schools in just twelve different places in Fayette County's rural and village system, will welcome back approximately 2400 pupils when they open on September 8.

Shifts in population and enrollments together with consolidations effected for convenience and efficiency has changed this picture considerably in the time since County Superintendent W. J. Hilty took over the reins of county school system management here in 1934. At that time there were 21 schools in this county's rural and village system.

Some interesting statistics and information as to activities within the last year have been presented by the county superintendent's office relative to the county school program.

Here are some of them:

- (1) Pupils transported to and from school 1952-53 school year 2139. This is approximately the same as expected this year.
- (2) Total miles traveled by school buses daily 2037.
- (3) Number of school buses in operation 44.
- (4) School lunches in eleven county schools 2000 served daily.
- (5) 12 Parent-Teacher organizations active in rural and village schools of county.
- (6) Child-Study Services are furnished in the whole system by Miss Hattie B. Pinkerton, visiting teacher.
- (7) Vocational agriculture and vocational home economics are

taught at the Jeffersonville school by Miss Phyllis Grimme and Lloyd Conover Vo-Ag.

(8) Veterans' Agriculture courses are conducted at Wayne High by Horace K. Wilson and Harry Allen.

(9) School Improvements listed are Union District: at Chaffin, Eber and Wilson schools. These changes include new lunch room, multiple purpose room and sanitary toilets in each of the three schools.

In the Green district at Olive school - Approximately same improvements as in the Union District.

At the Jeffersonville school -

### AEC Aide Tells Of Information

WASHINGTON (AP)—Eugene M. Zuckert, a member of the Atomic Energy Commission, says, "We are giving the American people all the elements of information they really need" about the atomic energy program.

Zuckert, appearing last night on an MBS radio program, said he does not share the view often expressed that more atomic information should be made available. To disclose more than at present, he said, would be of more help to a potential enemy than to the American people.

## U. S. EDUCATION CHIEF HAILS PUBLIC INTEREST IN SCHOOLS

By LEE M. THURSTON  
Commissioner of Education, U. S. Department of Health, Education, and Welfare

WASHINGTON, D. C.—Your community, if it's like most others in the country, is doing more than it ever did before for the education of its children.

Last year American communities built 50,000 new classrooms. The year before they built 47,000 new classrooms. Both in turn were all-time records.

Americans taxed themselves approximately \$500,000,000 more last year than the year before to provide money for their schools. About \$7,500,000,000 was spent last year on the public elementary and secondary schools for operating them and for putting up new buildings. Teachers' salaries were improved on the average, according to figures furnished by the National Education association, from about \$3,160 to \$3,400.

AMERICANS are showing an increasing interest in their schools in other things besides money. Today the PTA's of the country have 7,953,000 members, which is twice as many as belonged in 1946. It is estimated that today committees of lay citizens are working on educational problems with school boards and administrators in 8,000 American communities. This, too, is a remarkable increase. In 1950, fewer than 1,000 such groups were known to the National Citizens' Commission for the Public Schools. Today dozens of our great national organizations—business, labor, farm, civic, fraternal, professional, religious, veteran, and others—have live educational departments and programs.

But education is going to have serious problems ahead of it very

Lee M. Thurston

soon. Studies made by the United States Office of Education show that there will be almost 2,000,000 more students enrolled next year in all our schools and colleges, both public and private. By 1960 it is estimated that there will be 10,000,000 more students than there were last spring.

This fall the United States will be short about 345,000 public elementary and secondary classrooms. In school houses that are officially classified as "satisfactory" and "fair" three classrooms out of every five will be overcrowded. One out of every five pupils will go to school this coming fall term in a school house which does not meet minimum fire safety conditions.

SANDERSON'S  
Harness Shop  
239 E. Court St.

The school bus garage has been converted into vocational agriculture and shop rooms. The former vocational agriculture classroom in the high school building will be used to relieve overcrowding.

(10) Physical Education work is being carried on at Bloomingburg by Frank Truitt, Jr.; at Jeffersonville by Robert Hildreth; at Madison Mills by Frank Creamer; and at Wayne by Walter Hobbie.

(11) All schools in the county system have had some improvements by way of maintenance in varying degrees as needed, such as roof repairs, painting, etc.

### Maj. Ike Cited

SEOUL (AP)—Maj. John Eisenhower, son of the U. S. President, recently was awarded a medal from the South Korean government.

## City School Calendar By Semesters For 1953-54

Information which will be appreciated by pupils and parents alike, as to school days and how they are being divided in the city schools, is now available.

The school calendar showing semester periods, days of such periods and other details of the 1953-54 year of the Washington C. H. schools, has been officially announced by Supt. W. A. Smith.

Grading periods and grade card releases for the elementary and high school students also are given in this statement below.

FIRST SEMESTER				
MONTH	BEGINS	CLOSES	DAYS	
September	September 8	October 2	19	
October	October 5	October 30	16 plus 2

## Wildcat Strike At GM Plant Ends

DETROIT (AP)—The end of an unauthorized strike permitted workers to return today to their job of moving equipment from the fire-wrecked General Motors transmission plant at Livonia to the big Willow Run factory.

Yesterday picket lines in front of Willow Run halted the transfer work. GM is taking over some of the space in the big plant, operated by Kaiser Motors Corp., to continue production of automatic transmissions. Union spokesmen said the walkout was due to a mix-up over which workers would do the equipment moving.

## Trucker Proclaims His Fatherhood

CHICAGO (AP)—Felix Tavolino, 25, is a proud new papa and he wants everybody to know about his first baby.

Tavolino, a truck driver, was so happy about his new daughter, Janice, born Saturday, that he plastered signs all over his automobile giving the baby's vital statistics. He hung balloons from the car calling attention to the signs.

# Big Headline Wrestlers To Appear Here Sept. 2

Another top seller wrestling match is being announced for September 2 by the Bloomington Lions Club.

June Byers

Frankie Talaber

Three all-star matches have been scheduled to be held at the Fairground in Washington C. H., on the date mentioned beginning at 8:30 P. M.

This will be the second such event that the Bloomington Lions have sponsored in the past couple of weeks. At the club's last wrestling matches, over 1,400 people turned out.

The project back of the matches is for the benefit of the club's sight-saving fund. Money from the event will go toward helping buy glasses for children who can't afford them and also to help them with other eye troubles.

A ring will be set up on the race track. Chairs will be put around the ring for ringside seats. The main go of the evening will be between Frankie Talaber and Don Eagle. Talaber and Eagle are two of the best wrestlers in

the business. Both of them are mighty dangerous.

The match between Eagle and Talaber will have a time limit of one hour and will be two out of three fall decision. Talaber is from Columbus and Eagle, the famous Indian, hails from Caughnawaga, Canada.

One of the features of the matches will be the appearance of the world's woman champion wrestler, June Byers. The world champion will take on Bonnie Watson from West Union, W. Va., in the semi-final of the evening.

It will be a two out of three fall decision and will have a time limit of 45 minutes. Byers is from Houston, Tex.

The first event of the evening will be a 30 minute one fall decision between "Big" Bill Miller of Columbus and Nick Roberts of Little Rock, Ark.

Tickets are available at Parrett Insurance office, Club Pool Room, Warner's Grocery and at Robert Jefferson's Insurance office in Bloomington.

## Cleveland Pro Holds Edge In Ohio Golf Open

HUDSON (AP)—They name Ohio's Open golf champion today, and unless someone does something about it the new king will be 42-year-old Dick Shoemaker of Cleveland.

Shoemaker, professional at the Beechmont Club, had a two-stroke bulge going into today's 36-hole windup of the 72-hole feature over Lake Forest Country Club's 6,898-yard par 72 layout, after scoring a pair of 70s.

Except for 24-year-old Bob Rankin of Zanesville, former Ohio State star, the old guard of the Buckeye professional brigade had the tournament well in hand as 63 pros and 20 amateurs qualified for the stretch drive.

The play-for-pay group had to score 162 or under to get into today's marathon, while the amateurs were cut off at 155.

Rankin, now a lumber salesman, had rounds of 72 and 70 to slip into second slot, a stroke ahead of 42-year-old Jimmy Walkup Jr., of Shaker Heights.

Len Schutte of Findlay and Herman Keiser of Akron, both in their 40s, were tied at 144, while at even par 145 was Ock Willowet, a salesman from Dayton who will be 50 next week.

Three oldsters, all professionals, shared the 146 spot, they were 44-year-old Bob Kepler, Ohio State coach from Columbus; Len Wagner 36, of Cincinnati; and denny Shute, 48, of Akron, who has won the Ohio title several times.

## Reds Take Pair From Lowly Bucs

PITTSBURGH (AP)—The Cincinnati Redlegs are idle today and tomorrow after having swept a doubleheader from last place Pittsburgh yesterday 8-6 and 9-8, the only team to win both games in the first full schedule of twilight night doubleheaders in National League history.

A late-inning homer gave the Redlegs victories in both slugfests. Pinchhitter Bob Borkowski blasted a two-run homer in the seventh of the opener and Roy McMillan circuit-clouted with one aboard in the nightcap's last frame.

# DP&L Team Is Near The Top

## Defeats Rockers In Tuesday Night Game

The Dayton Power and Light Co. softball team is one notch closer to the championship of the Industrial League. Tuesday night at Wilson Field, the DP&L handed the Rocking Chair Inn a defeat, 11 to 7.

DP&L will now play the Armbrust team Wednesday (tonight) for the first place title of the Industrial League. There will be two games tonight. The first one will be between the Warner's girl team and a girl's team from Sabina. The first game is slated to get underway at 7:30 P. M.

DP&L jumped off to an early lead in the game last night, marking up three tallies in the first frame. The winners picked up one run in each of the second, third, fifth and seventh frames, and four runs were scored in the sixth inning.

The Rockers sent their first two runs across in the third inning, adding one more in the sixth and broke loose for four in the seventh.

Jack Reno was given credit for the win and Jake Evans was charged with the defeat. Dick Korn paced the winners' hitting attack by banging out four safeties in five trips to the plate.

## Louisville Narrows Gap On Toledo

By The Associated Press

Lefty Bill Kennedy pitched the Louisville Colonels to a 7-0 victory over Columbus last night, pushing the Colonels to within three games of the leading Toledo Sox.

The Sox lost to Minneapolis 5-4 and, in other games, Kansas City beat Charleston 6-3 and St. Paul routed Indianapolis 11-4.

Kennedy allowed only four hits in hurling his fourth shutout of the season and his ninth victory in 12 decisions.

## Miami Signs Two Young Grid Aides

OXFORD (AP)—Miami University was poised today for the football wars with one of the youngest staffs of strategists assembled by Ohio gridiron coaches.

Ara Parseghian, 30-year-old head coach, named two young assistants yesterday. They are Johnny Pont, 26, to handle the freshmen, and Bruce Beatty, 25, to teach the tackles. Both are veterans of Mid-American Conference battles as Miami stars and hail from Canton.

Claude Harmon, former Masters champion and pro at Winged Foot, Mamaroneck, N. Y., ran off a string of eight birdies and an eagle in succession on the East course last spring.

## Gavilan Given Edge In Bout Against Jones

NEW YORK (AP)—There's no doubt that Welterweight Champion Kid Gavilan is slipping but the big question is how much.

Ralph (Tiger) Jones, the Yonkers, N. Y., middleweight, will try to supply the answer tonight when he faces the 147-pound champion in a non-title 10-rounder in Madison Square Garden. The 9 p. m. EST bout will be telecast.

Gavilan is a 2-1 favorite but the rugged 25-year-old Negro is good enough to make the kid work for his money. Unbeaten in his last seven fights, Jones holds two wins over Danny (Bang Bang) Womber, who came up with the ring upset of the year May 2 when he defeated the overconfident Kid.

Since that loss, Gavilan has scored decisions over Italo Scorticini and Ramon Fuentes. He wasn't any ball of fire in either bout. The Cuban Flash, now 27, generally doesn't go all out unless the big chips are down.

He may consider Jones big enough and then there could be some fireworks. Unlike some of his critics, Gavilan doesn't think he's fading. He believes his added savvy and punching power makes up for the loss of some of his once-dazzling speed.

His ambition hasn't dimmed either. He hopes to whip Jones, Carmen Basilio and Johnny Bratton in welter title fights, and then get a crack at the winner of the Bobo Olson-Randy Turpin middleweight championship contest.

Vaughn Mancha, Alabama's 1945 All-America center, is assistant football coach at Florida State University.

Plans are underway for the construction of a sport stadium seating 150,000 spectators at Sao Paulo, Brazil.

## Earl's Song Cops Over Helicopter

SEDALIA, Mo. (AP)—Earl's Song, 3-year-old filly from the Castleton Farms yesterday defeated Helicopter, winner of the Hambletonian, in the Breeders Filly Stake for 3-year-old trotters at the Missouri State Fair.

Curly Smart drove Earl's Song to the front in both heats, winning the first mile in 2:01. Helicopter was second, driven by Del Miller, and Miss Mary Stewart took third in the \$5,880 feature.

An extra heat was necessary to

decide the \$5,500 breeders filly stake for pacers with Countess Vivian coming back in the third mile after copping the first heat in

2:03.2. Security Hanover took the second heat. Pleasant Surprise was third in all three heats.

THE Camera COLUMN

... by Charlie Pensyl

Many people dream all their lives about making a living out of a hobby... working every day at something they really like. That's why we think we're pretty lucky, because we like our work. Why not? What everybody thinks is fun, we work at all the time.

Photography. We think there's nothing to beat it, and we hope that, after you've visited us a few times in this column, and in our shop, you'll feel the same way about your photographic hobby.

It's our contention that ANYBODY can shoot a good picture. ANYBODY can have fun with a camera. There are hundreds of good ideas for shots staring you in the face, so to speak, all the time. And with just a little know-how and help you can be taking pictures of your family, your everyday activities, your surroundings, complete with any magazine shot.

We'll be dropping around from now on in this column, weekly, with hints and ideas about shooting the best pictures... camera comments to interest both the beginner and the experienced photographer. Hope you'll join us and let us hear your reactions.

We hope, to you'll visit us often at our store, either for equipment or just to talk about your photo problems. We'd like to announce right here the change in name of our store from the Hays Camera Shop to PENSYL CAMERA SHOP, effective September 1st. There won't be any lessening in the quality of our service to the camera enthusiast, so stop in and get acquainted. PENSYL CAMERA SHOP, 231 E. Court St., Phone 9851.

Public Sales

THURSDAY, AUG. 27

## City Manager Talks Taxes To B&P Club Here

Explanation Given  
Regarding Finances  
Of Washington C. H.

Members of the local Business and Professional Women's Club were given a first-hand report of the financial condition of Washington C. H., at their dinner meeting at the Washington Country Club Tuesday evening, when City Manager James F. Parkinson spoke briefly but forcefully of the need for additional city revenue.

Mrs. Lottie Gregg, chairman of the Legislation Committee, asked Miss Marie Melvin, city auditor and a member of the club, to introduce the city manager to the group.

Parkinson stated that he had been going over old records on file at City Hall and that it had become apparent to him that the city had been in financial difficulties for at least twenty years.

He related that soon after his appointment as city manager, a Citizens' Committee was organized to investigate the needs of the city and to suggest methods to correct the present difficulties.

He stated that during the committee's sessions a city income tax was discussed, but it was finally decided that such a tax would not be practical since there would have to be various systems of collection set up and the cost of handling this tax would have run into several thousand dollars a year. In Parkinson's opinion, this would have been a waste of money.

The Citizens' Committee, after considerable study, decided that an increase of 2.45 mills on the present real estate taxes would substantially increase the city's revenue. Parkinson said since a bookkeeping system and collection system is already set up to handle these taxes through the county treasurer's office, there would be no extra cost to the city for collecting. This 2.45 mills levy on real estate, personal and public utility property, is to be presented to the voters of the city at this November's election.

Parkinson asserted that real estate values have not kept up with expenses. He said the taxes here were 40 percent lower than in any other city of comparable size. He also informed the members present that in Ohio there is a limitation of 10 mills to be returned to the county from the state. This 10 mills must provide the income to maintain schools, and the various expenses of city and county.

He explained that in 1933 this county was receiving 15 mills, but due to the depression and other factors the allotment was reduced to 10 mills at that period. These funds also are earmarked by the state for the different departments

of the city and county governments.

**THE CITY MANAGER** said that the 2.45 mills levy which is to be voted on in November, would be allocated as follows: .5 mill for debt service (to cover any emergencies); .6 for new equipment (and Parkinson said that the present equipment used by the city is in "pitiful shape" and should be all means be replaced as soon as possible); and 1.35 for street repair and maintenance.

He promised that if this levy were approved by the voters immediate steps would be taken for street improvement, and that for every dollar spent the taxpayer would receive two dollars' value.

In closing his talk, City Manager Parkinson said that in Washington County Court House he has found fewer politicians than in any city where he has ever been associated with city government. He was especially complimentary to the city council, and declared that he was sincere in his statements that here in our locality he has received more honest cooperation than in any other place.

His remarks were very well received by the club members, who indicated they regarded it as a privilege to have been given a frank presentation of the tax problem in this municipality.

**COLORED MOVIES** of the recent Fayette County Sesquicentennial parade, taken by Mrs. Doris Diffendal and Mrs. Marjorie Looker, were shown by Mrs. Diffendal and were greatly enjoyed.

During the business meeting, following the usual reading of the minutes and the treasurer's report, and the reports of the standing committees, Mrs. Dorothy Miller announced that the district meeting of District 10 would be held in this city on Sunday, October 11. The morning meeting will be held in the Dayton Power & Light Clubrooms, with the luncheon and the afternoon meeting to be conducted at the Washington Country Club. The past presidents of the club are in charge of arrangements for this meeting, with Mrs. Miller as chairman.

Guests at last night's meeting, in addition to the city manager and Mrs. James F. Parkinson, were Mrs. George Robinson, Jr., Mrs. William Kimmey of Tucson, Arizona, and Mrs. Lucy Penwit of Xenia.

The Legislation Committee was in charge of the meeting with Mrs. Lottie Gregg as chairman, and members: Mrs. Emily Coberly, Mrs. Helen Graham, Miss Marie Melvin, Mrs. Manetta Ramsay, Miss Mary Sauer, Mrs. Lelia Smith and Miss Ruth Teeters.

**30 ARE POISONED** CIRCLEVILLE — Thirty persons suffered food poisoning at the Mount of Praise Camp Grounds here. Eight were hospitalized. Chicken salad was believed responsible.

**VICIOUS PONY** CHILLICOTHE — A vicious show pony which knocked a woman down and bit a small girl, has been removed from the Fairgrounds here.

## Big Road Roller Stolen and Runs Through A Fence

Do you want to earn \$50?

Well, that is the reward offered for information leading to the arrest of a thief who, Tuesday night, stole a big road roller which was parked on the site of the former roadside park at the intersection of the Greenfield and New Martinsburg roads.

The roller, belonging to a contractor, had been used for rolling the new surface course on the New Martinsburg Road.

Eldon Bethards, who lives on the New Martinsburg Road, reported to Sheriff Orland Hays, Wednesday, that the roller had been stolen, run down the highway some distance, and backed across his fence at the roadside, breaking down and cutting the wire.

The thief then abandoned the roller.

## WHS Band Practice On Friday Night

The first marching drill of the Washington C. H. High School band preparing for the 1953 Blue Lions football season, will be held Friday evening at six o'clock on the new practice field on Circle Avenue, recently leased by the city schools.

The new field is located just west of Gardner Park. Bandmaster William Clift has announced that the only instruments to be brought to the practice are the drums.

The drills will be held in order to acquaint the new members of the band with marching formations. The practice is being held early because there are no lights up at the new practice field as yet.

## Annual Picnic Of WCTU On Friday

Members of the Washington C. H. WCTU, their husbands and other members of their families, are looking forward with keen anticipation to the annual picnic of the organization, which is to be held Friday at 6 P. M. at the home of Mrs. L. D. Torbett on the Jeffersonville Road.

A covered dish supper will feature the meeting at the Torbett home, which is the first residence on the west side of the highway north of the Parrott Station Road.

## Scouts Spend All Night In Camp

The boys in Boy Scout Troop 67 of Jeffersonville, really roughed it Tuesday night as they camped all night on the Vernie Davis farm.

Nine Scouts and the Scoutmaster, Clyde Rings, slept all night in tents and got up at 5:30 A. M. Wednesday to cook breakfast. Davis also stayed with the boys.

Before the boys "turned in" last night, a Scout meeting was held by the light from a campfire. The Scouts discussed the Ohio State Fair and also possibilities in ushering at the Ohio State University home football games this fall.

Group singing was enjoyed after the business meeting. Some of the boys worked on credits for their merit badges by helping with cooking and camping chores. Darrell Davis sounded taps for the night.

Scouts who camped out were Roger Crabtree, Jimmie Cook, Bill McFarland, Robert Rings, Darrell Davis, Larry Cook, Johnny Hoppes, Roger Mason and Larry Kilgore.

## McClure Funeral Held Wednesday

Funeral services were held for Marion C. McClure at 9:30 A. M. Wednesday at the Parrott Funeral Home.

Rev. F. T. McCarty of the First Baptist Church, conducted the services, offering prayer, reading from the Scriptures and the 23rd, 46th and 139th Psalms. He then delivered the sermon and read the hymn, "Abide With Me."

The pallbearers were Marcus Prosch, Harry Wolfe, Joseph and Edward McClure, Byron L. Hinton and Jerry Parks.

Interment was made in the Young's Cemetery at Liberty Center.

## Big Barn Burns Tuesday Evening

A big barn on the Wesley Rehm farm on the Sedalia and South Solon highway, was destroyed by fire early Tuesday night, along with much hay, corn and other property.

How it started is not known. The South Solon fire department was called and saved other buildings.

The structure was about 40 by 80 feet, and located a half mile off the main highway.

## Check Writer Held With Bond at \$250

Sheriff Orland Hays went to Portsmouth, Tuesday, and brought back Earl Mannarino on a charge of giving a worthless check to the Brandenburg Motor Sales Co. for \$60.

The sheriff had been on the lookout for Mannarino since May 9, but located him only recently, and had him arrested by Portsmouth authorities.

In municipal court Mannarino was held to the grand jury with bond fixed at \$250. Being unable to furnish bond, he was returned to the county jail.

In the meantime Sheriff Hays has been notified that the sheriff of Pickaway County and Warren County want Mannarino for allegedly giving bad checks in those counties.

## More Drivers Are Picked Up By Police

Quite a number of drivers who were traveling from 40 to 54 miles per hour within the city limits were arrested by police using the electric clock on Columbus Avenue, Tuesday afternoon.

Those picked up and who posted bond for appearance in municipal court were: Wayne E. Zitzke, Columbus; Richard Henry Cipolla, Cincinnati; Matthew A. Langianese, Cincinnati; Lewis H. Hinton, Springfield; Emerson Marting,

city; Richard William Willmes, Covington, Ky.; Charles M. Uhl, Jr., Greenfield; Mac McCormick, Columbus; Ralph R. Montgomery, Cincinnati; Jewell Michael, Columbus and Robert H. Boisel, city.

## Wm. T. Hoskins Dies Wednesday

After an illness of about two years, William T. (Dutch) Hoskins, 88, passed away at 10 A. M. Wednesday at his home near Atlanta.

Mr. Hoskins was a very prominent farmer of the Atlanta community where he lived all of his life. He was a member of the Hay Run Methodist Church.

Survivors are his wife, Blanche, and two sons and one sister, Everett Hoskins of Atlanta, William Hoskins, Jr. of Atlanta and Mrs. Elizabeth Adams of Kewanna, Ind.

Funeral services will be held at 2 P. M. Friday at the Kirkpatrick Funeral Home in New Holland with Rev. J. K. Price in charge.

Friends may call any time at the funeral home.

## Fayette County Not Affected By Atty. Gen. Ruling

Fayette County is not affected, it is said, by the recent ruling of the Ohio attorney general's office which makes fairgrounds, otherwise exempt, liable for real estate taxes, if the premises are used for other commercial enterprises.

The ruling came about when Butler County asked the fair board of that county to pay \$7,204.13 in taxes because the Ohio Sports Enterprises lease the grounds there from the county fair board for 19 days for a race track meet.

In Fayette County, a different set of facts surround the county's lease, through the county commissioners, for the Fairgrounds here. In addition, it is said, the county fair board does not sublease the grounds for commercial purposes.
